

WEATHER FORECAST.
Thunder showers this afternoon or tonight. Much cooler tonight.

NUMBER KILLED MANY INJURED IN A TORNADO

Swept Over Illinois and Iowa Wrecking Hundreds of Houses

FARM BUILDINGS TUMBLED OVER, LIVESTOCK KILLED

Chicago Suffers From High Wind and Much Damage Reported

(ASSOCIATED PRESS TELEGRAM)
Chicago, May 10.—With additional reports coming in today, the death list in yesterday's tornado in Illinois and Iowa swelled to eighteen, eleven in Iowa and seven in Illinois. As wires were still down in many localities, it was feared that other deaths were still unreported. Probably 150 persons were injured and a rough estimate placed on property damage as \$1,000,000. A list of the afflicted communities with the number of deaths follows:

Nashua, Iowa, 3; Plainfield, Iowa, 1; New Hampton, Iowa, 3; Calmar, Iowa, 4; Toulon, Ills., 2; Franklin, Ills., 3; Elmira, Ills., 2.

(ASSOCIATED PRESS TELEGRAM)
Chicago, May 10.—At least eleven persons were killed and more than 150 more or less seriously injured by the tornado which swept over central and northwestern Iowa and central Illinois late yesterday according to advices received here early today. The known dead are:

New Hampton, Ia., 4.
Nashua, Ia., 2.
Toulon, Ill., 2.
Franklin, Ill., 3.

Hundreds of houses and farm buildings were blown down and livestock was killed in many localities. The full force of the tornado appeared to have struck at Mayville, Ia., and expended its force at Princeton. In Illinois its greatest force appeared to have begun west of Jacksonville and to have continued eastward to beyond Decatur.

The advice received from the Iowa districts said the full force of the tornado was felt for a distance of about 25 miles, between Mayville and Princeton and its greatest width was about two miles. In this area were the towns of Eldridge and Argo. A number of houses and farm structures in the rural districts surrounding Eldridge and Argo were blown down and a number of persons injured. The devastated sections in Iowa are mostly within the limits of Chickasaw, Winneshiek, Scott and Muscatine counties.

In these counties the towns which suffered the greatest damage are New Hampton, Eldridge, Mayfield, Princeton and Argo. Nashua, Republic, Lawler, Calmar and Osian.

A message from West Newton said a train on the Chicago, Milwaukee & St. Paul railway had been wrecked at Calmar, Ia., but there was no loss of life.

At Jacksonville in Morgan county, Ills., where the tornado first struck heavy property damage was reported. (Continued on Page 2, Col. 4.)

BULLISH ACTIVITY IN STOCK MARKET

(ASSOCIATED PRESS TELEGRAM)
New York, May 10.—Extraordinary bullish activity developed in the stock market today, carrying forward an advancing movement which had its inception at the beginning of the week. Trading in the first hour which was accompanied by many new high records for the year, approximated half a million shares.

Since the successful close of the Liberty Bond loan campaign the recent predictions of large crops and more favorable war reports lately, Wall Street sentiment has been buoyant.

United States steel was again the commanding feature, rising on further enormous transactions to 109 1/2, an overnight gain of 2 1/4 points and 12 points over last week's close. Other equipments and war shares were one to three points higher with only two points for investment rails. Sumatra tobacco advanced six points to its fifteen point advance to the last two weeks.

Notwithstanding the rise in stocks the new Liberty 4 1/4 per cent bonds sold under par when trading began in them for the first time today. The initial offerings consisted of two large blocks at 92.10, these being followed by another lot at 93.00 with a further decline to 92.80 for a block of \$250,000. The bonds continued to yield to 98.62. Sales of the new Liberty Bonds in the first hour totaled \$1,542,000 par value.

PREDICT GRAVE TIMES.

(ASSOCIATED PRESS TELEGRAM)
London, May 10.—Speaking to the Primrose League today Earl Curzon, government leader in the house of lords and member of the British war cabinet said that grave times were ahead and that the British soldiers might have to give ground. Encouragement was to be found however, he said, in the unity of command, in America's effort and in the resolute indomitable spirit of the British people.

RECAPTURE A PORTION OF A FRONT TRENCH

British Gain Victory In Counter Attack North-east of Albert

ARTILLERY ACTIVE ALONG SOMME AND ANCRE RIVERS

French Success On Somme Front is Very Important

(ASSOCIATED PRESS TELEGRAM)
London, May 10.—The British have recaptured a small portion of a front trench northwest of Albert which the enemy gained yesterday, it is announced officially.

"The small portion of our front trench northwest of Albert gained as a result of his attack yesterday morning was recaptured by us during the evening by a counter attack. We took a few prisoners. The hostile artillery was active last night in the valleys of the Somme and Ancre rivers and at different points on the Lys battle front."

The operation by which the British regained a counter assault the small portion of trench north of Albert, which the Germans had captured yesterday, while a small one, it was important. The positions in question lay on high ground which had been hotly contested ever since the Germans stormed their way into Albert.

GREAT TRIUMPH IN CLOSING OSTEND PORT

(Compiled from A. P. Dispatches.)
Great Britain's naval triumph of April 23 at Zeebrugge, when this important German submarine base on the Belgian coast was apparently blocked by the sinking of concrete-laden ships during a daring raid, has been virtually duplicated at Ostend, another valuable base for the U-boats, just to the east. The feat was accomplished by the sinking last night of the old cruiser Vindictive, likewise filled with concrete, across the entrance to Ostend harbor.

Ostend was originally attacked for this purpose at the same time as was Zeebrugge, but the "blocking" ships spent in there were turned slightly. (Continued on Page 2, Col. 1.)

GERMANS CLAIM THE CAPTURE OF MANY PRISONERS

(ASSOCIATED PRESS TELEGRAM)
Berlin, Thursday, May 9, via London.—Completely successful local attacks southwest of Ypres on Wednesday resulted in the capture of 675 prisoners, according to the official statement from German general headquarters today. German troops, it is added, took by storm strongly fortified positions on a front of more than a mile. The statement reads:

"Between Ypres and Baillieu lively artillery activity continued throughout the day. Local attacks we made south of Diekebush lake were completely successful. On the eastern bank of the Vyverbeek, Rhineland and Baden troops took by storm strongly fortified enemy positions over a width of two kilometers. Here apparently they ran into a French and British attack and dissipated its strength. The enemy's attack was only fully developed on both sides of the Renigheest-Kemmel road. It was repulsed, as were counter-attacks against our newly captured positions. We took 675 prisoners belonging to six French and two British divisions which suffered heavy and sanguinary losses."

GERMAN PROFFER OF PEACE DIRECTED TOWARD PRESIDENT WILSON WAS TURNED DOWN SHARPLY BY AMERICAN PROFESSOR

(ASSOCIATED PRESS TELEGRAM)
London, May 10.—A story of how an attempted German peace offensive directed toward President Wilson was turned down ignominiously by Professor Heron, an American living in Geneva, is told by the Swiss correspondent of the Daily Mail in his dispatch dated at Annemasse, on the Franco-Swiss frontier. Professor Heron is described as a friend of President Wilson.

The German government, according to the correspondent, tried to get peace offers sent to the president through Professor Heron who was visited on April 19 by Professor Quide of Munich, a friend of Count von Hertling, the imperial German chancellor. Professor Quide was accompanied by the Dutch pacifist, Dr. Jong Van Beek.

Professor Quide said he had come to prepare the way for a merciful peace and gave Professor Heron to understand that he spoke for Chancellor von Hertling and the German foreign office. He assured the American professor that the peace party in the reichstag was about to gain predominance in Germany and that he wished to prepare President Wilson to take advantage of that suspicious moment.

Germany, Professor Quide said, was willing to make the following terms:

First—To grant autonomy to Alsace-Lorraine within the limits of the German empire, provided the allies would not broach the subject of Alsace-Lorraine at the peace conference.

Second—The Brest-Litovsk peace treaties not to be discussed at the peace conference, although the allies might submit claims for the revision of them and Germany might make certain concessions.

Third—No economic war against Germany after the war.

Fourth—German colonies to be restored.

Professor Quide asserted that the present offensive in France had the ultimate objective of achieving a durable peace.

Professor Heron, the Daily Mail's correspondent writes, after listening to the German educator, exclaimed: "I wonder that you have the effrontery to ask me to lay such a rickmole of cant deceit before the (Continued on Page 13, Col. 3.)"

FRENCH REFUGEES SEEK SAFETY DURING GERMAN DRIVE

With all their household goods loaded on the cart and their two cows being led behind, these French refugees are fleeing to points of safety behind the British lines. Many of the inhabitants of the front line towns were forced to seek shelter thus when the first attack of the German drive was launched. Many less fortunate than these pictured in this British official photo were compelled to leave all their worldly possessions behind when they fled.

SUPPRESS THE DISTRIBUTION OF KINGDOM NEWS

After consulting with U. S. Attorney General Bowen at Columbus yesterday Mayor Atherton and Chief Sheridan, stopped the distribution of The Kingdom News, a one page publication, issued by the International Bible Students, who have lately come into disrepute for alleged disloyalty. The belief of the sect is said to be against the present war or any war, and a book called "The Finished Mystery," which was recently issued by them has been suppressed, and in many instances those having it in their possession have been arrested.

Two weeks ago the city was flooded with The Kingdom News which at that time supported "The Finished Mystery," and objected to its being suppressed. On yesterday afternoon after complaint had been made at the mayor's office several hundred copies of the paper were confiscated, and their distribution forbidden.

The mayor was ordered by the attorney general to hold the publications and that the federal department would send for them.

The paper while antagonistic to every church, is especially bitter in its attacks on the Catholic religion. In connection with the events of yesterday the American Protective League Branch of Licking county was on the job with the federal and state inspector and the local chief last Monday and several investigations were made. The chief of the local division is determined that there will be no "Bolshevik" methods in Licking county and has issued a warning that any disloyalty or unlawful methods will be investigated.

The leader of the Bible Students, Joseph Rutherford and five other leaders were arrested in Brooklyn following a raid by federal authorities on the headquarters of the organization in Brooklyn.

AMERICAN TROOPS TO PARADE BEFORE ENGLAND'S RULER

(ASSOCIATED PRESS TELEGRAM)
London, May 10.—Londoners will have another opportunity of welcoming representatives of the United States army on Saturday, the Times says it understands. A detachment of American troops will march through the streets and parade before King George at Buckingham palace.

AIRMEN BOMBARD GERMAN SUB BASE

(ASSOCIATED PRESS TELEGRAM)
Amsterdam, May 10.—Strong allied flying squadrons bombarded the mole and the village of Zeebrugge, the German submarine base on the Belgian coast at noon and in the evening Thursday. No military damage was done according to an official statement issued in Berlin. Two of the hostile airplanes were shot down by German airmen.

CANAL BLOCKED RESULT OF RAID BY THE BRITISH

(ASSOCIATED PRESS TELEGRAM)
London, May 10.—Regarding reports that German submarines have been unable to enter Flemish ports and have had to return to Germany, Reuters Limited says it is unable to obtain confirmation in naval quarters.

Photographic and other evidence from Zeebrugge shows that the Bruges canal is still entirely blocked as a result of the British raid of April 23 and that it cannot be used. The obstructions, it has been found, were better placed than was at first supposed. German attempts to clear the water way are meeting with no success as a result of British air activity and other causes.

THE AMERICAN CASUALTY LIST

(ASSOCIATED PRESS TELEGRAM)
Washington, May 10.—The casualty list today contained 21 names divided as follows:

Killed in action, 4.
Died of wounds, 1.
Died of accident, 1.
Died of disease, 3.
Wounded severely, 3.
Wounded slightly, 7.
Missing in action, 1.
Lost at sea, 1.

Lieutenant Samuel G. Love, Chester, S. C., was slightly wounded and Lieutenant Gustave H. Kissell, No. 14 Wall street, New York City, was reported missing in action. Private Carroll J. Scully of Toledo, O., was the man lost at sea. He was a victim of the sinking of the Tuscania, now identified and buried. Lieutenant James H. Fiscus, Greensburg, Pa., also was slightly wounded.

Killed in action—Sergeant Douglas Day, Line Fork, Ky.; Corporal Alexander Drelich, Passaic, N. J.; Privates Karol Durasska, Washington, Pa.; Lester R. Ludinghouse, Oakland, Calif.

Died of wounds—Cook Frank W. Dzinski, Torrington, Conn.

Died of disease—Corporal Luther McMakin, Greer, S. C.; Privates John Peete, Holly Grove, La.; George P. Shepperdson, Park Side, Philadelphia.

Died of accident—Private Wesley C. Wagoner, Waterloo, Ia.

Wounded severely—Privates Frank F. Deveraux, Oakland, Calif.; K. A. Field, Rutland, Mass.; Adolph Miller, Brooklyn, N. Y.

Wounded slightly—Lieutenants Sam G. Love, Chester, S. C.; James J. Fiscus, Greensburg, Pa.; Corporal William S. Martin, South Manchester, Conn.; Privates John McKinnon, Winchester, Mass.; Herbert A. Shipley, Lancaster, O.; Allen P. Stearns, Wollaston, Mass.; Thomas Zocco, Waterbury, Conn.

Missing in action—Lieutenant Gustave H. Kissell, New York City.

Lost at sea—Private Carroll J. Scully, 815 Magnolia street, Toledo, O., Tuscania victim identified and buried.

BUILDINGS BURN AT CONEY ISLAND

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, May 10.—A number of buildings at Coney Island, a summer resort here, were burned today, entailing a loss of approximately \$75,000, and probably delaying the opening which was to have taken place next week. The cause of the blaze is as yet unknown.

BRITISH BLOCK HUN BASE ON BELGIAN COAST

(ASSOCIATED PRESS TELEGRAM)
London, May 10.—The German submarine base of Ostend on the Belgian coast has been blocked as the result of a new raid by British naval forces, the admiralty announces. The obsolete cruiser Vindictive, filled with concrete has been sunk across the entrance to the harbor.

The British lost one motor boat. Their casualties were light.

The announcement follows: "Operations designed to close the ports of Ostend and Zeebrugge were successfully completed last night when the obsolete cruiser Vindictive was sunk between the piers and across the entrance to Ostend harbor."

"Since the attack on Zeebrugge on April 23, the Vindictive had been filled with concrete and fitted as a blockship for this purpose."

"Our light forces have returned to their base with the loss of one motor launch which had been damaged and was sunk by orders of the vice-admiral, to prevent it falling into the hands of the enemy."

"Our casualties were light."

Apparently the British have carried out another raid on the German submarine bases on the Belgian coast similar to the one on April 23, when so much damage was done to the harbor and works at Zeebrugge. In the raid on Zeebrugge and Ostend on April 23, the light cruiser Vindictive landed British storming parties on the mole at Zeebrugge, the attackers doing considerable damage to the mole after storming German batteries. Commander Alfred Carpenter was promoted to be a captain for bravery in action.

The Vindictive was damaged severely in the action at Zeebrugge. The vessel was built at Chatham in 1897. She displaced 5750 tons and her complement was 450 men.

DARING FRENCHMAN BRINGS DOWN SIX GERMAN AIRPLANES

(ASSOCIATED PRESS TELEGRAM)
Paris, May 10.—Six German airplanes were brought down yesterday by sub-Lieutenant Rene Fonck, the war office announces.

The statement follows: "Yesterday Lieutenant Fonck brought down six German biplanes in the course of two patrols. He downed the first two in ten seconds, the third in five minutes later, and the other three in the course of the second patrol."

Lieutenant Fonck's achievement of yesterday has never been equalled. He is the greatest French air battler since the death of Captain Geymer.

Lieutenant Fonck, who recently took a leading place among the French aces, was credited unofficially nearly a month ago, with having shot down 24 German machines. He is described as a remarkably cool and daring fighter. Recently he fought two German machines in a squadron of eight, felled one of them and put the other to flight.

A year ago Lieutenant Fonck was unknown as a fighting aviator. He entered the aerial service as pilot of an airplane requisitioning artillery fire. After more than 500 hours of flight over the line and two victories over German planes which had attempted to interfere with his work, he was sent into a squadron of pursuit planes. Eight days later, on May 13, 1917, he became an ace, being cited officially as having destroyed his fifth airplane. He is 23 years old.

PURCHASE SMALLER TRUCKS.

(ASSOCIATED PRESS TELEGRAM)
Washington, May 10.—Purchase of commercial types of trucks for the army use instead of the development of two smaller types of the "Liberty" trucks has been ordered by the war department. It is understood that manufacture of the large three-ton Liberty truck will continue.

LLOYD GEORGE IS VINDICATED; DEBATE BRIEF

Premier Proves Himself to Be Keen Political Strategist

GIVES HIS VERSION OF THE MAJ. GEN. MAURICE AFFAIR

House of Commons Not For a Change of Government

(ASSOCIATED PRESS TELEGRAM)
London, May 10.—The quick and successful manner in which the Lloyd George minister in the house of commons yesterday dealt with an unpleasant incident which had caused more political bitterness than any preceding chapter of this troubled administration, was brought about by a sudden change of tactics on the part of the cabinet.

Premier Lloyd George again showed himself a keen political strategist and a strong pleader for his own cause. He withdrew the cabinets plan for a court of honor to deal with charges of Maj. Gen. Maurice which Bonar Law on Tuesday said concerned the honor of the ministers. The premier made it clear that adoption of Former Premier Asquith's motion for a select committee to investigate the matter would be regarded as a vote of censure which would be followed by the government's resignation. Lloyd George detailed in a burning speech his version of the controversy which Major General Maurice began. The debate was brief and the premiers explanation was its dominating feature.

The cabinet rode safely over the crisis by a vote of 293 to 106. The majority was even larger than newspapers had predicted and shows that the house of commons, at least is not for a change of government which would have been the result of adopting Asquith's proposal. Former Premier Asquith's speech was short. He expressed surprise that the government would take his motion for investigation by a committee as a vote of censure and he had the house with him when he rebuked Chancellor Bonar Law for asserting that members could not be found. (Continued on Page 2, Col. 3.)

BRUTAL METHODS OF THE GERMANS WITH CHILDREN

(ASSOCIATED PRESS TELEGRAM)
Washington, May 10.—As part of the practice of commanding labor, the German military authorities in Belgium have registered all youths above 13 in the region of Mons and are employing many between 14 and 17 in digging and grading close to the trenches north of Verdun and near St. Mihiel, the American sector, said advices received today by the Belgian legation.

A protest of Belgian senators received at the legation says the Germans are forcing men, women and children into a state of servitude throughout the military zone which comprises all Flanders and a considerable part of Hainault and Luxembourg.

"At Erueghem, a village of Flanders," says the legation's statement, "the bodies of ten children who had died near the front were taken back to their parents. In the region of Mons a census has been taken of all youths over 13 and many of them have already been taken to the front under armed guard and under most pitiable conditions. Mons has been obliged to supply 320 youths, half of them not out of grammar school; St. Ghislain 48; Frameries 76; Quevy 22; Haine St. Pierre 96; Manage 81; Quevrain 98; and so on. A great many boys from 14 to 17 are digging close to the trenches near St. Mihiel and north of Verdun. Others are used for the loading and unloading of heavy merchandise at Donai, most of them unused to manual labor."

IRELAND TO HAVE IMPORTANT CHANGES MILITARY COMMAND

(ASSOCIATED PRESS TELEGRAM)
London, May 10.—Lieutenant General Sir Bryan Mahon, commander of the forces in Ireland, announced publicly last night that he was to leave Ireland. He said he did not know who his successor would be.

This confirms rumors current for several days that important changes in the military command in Ireland are pending. The departure of General Mahon, it is believed, will be regarded in Ireland as an indication that the government has decided to proceed boldly with Irish conscription.

No Irish Nationalist members participated in the division in the house of commons last night on the Asquith motion.

COACH LOADED WITH SOLDIERS JUMPS TRESTLE

Seven Troopers Killed and Eighteen Others Are Injured

WOODEN COACH JUMPED TRACK CAR FOLLOWING CRASHED IT

Men Had Just Entrained For Cantonment at Greenville

(ASSOCIATED PRESS TELEGRAM)
Columbia, S. C., May 10.—Five soldiers were killed, two were badly injured that they died enroute to the base hospital, four were seriously injured and eighteen less seriously hurt when a wooden passenger coach loaded with soldiers of the 321st infantry and the 317th machine gun company, jumped a trestle at Camp Jackson today.

The men had just entrained for the army cantonment at Camp Sevier, at Greenville, S. C., nearly all of the men in the wooden coach either were killed or seriously injured, according to early reports reaching here.

The wooden coach jumped the track first and a steel coach followed and crashed it. It was reported no one in the steel coach was seriously hurt.

The troops were from North and South Carolina. A soldier arriving here stated that he was standing in the quartermaster's depot when he heard the crash of the falling cars. Calling some officers he hurried over to the place and was appalled at the spectacle.

VAST ARMY OF WAR GARDENERS

(ASSOCIATED PRESS TELEGRAM)
Washington, May 10.—The United States school garden army already is bigger than the army of the United States, the department of interior announced today in making public the fact that 1,950,000 garden soldiers had been enlisted at the beginning of May after a six week campaign.

The central western states, which take in Ohio in the east, with the Dakotas and Minnesota to Missouri, have enlisted 850,000 boys and girls in the movement. The southern states have enrolled 700,000 and the northeastern and western states each 200,000.

Oklahoma is the banner state so far with an enlistment of 150,000. Texas has 100,000.

FRENCH CAPTURED AN IMPORTANT POSITION

(ASSOCIATED PRESS TELEGRAM)
Paris, May 10.—French troops yesterday captured Grivesnes park, five miles northwest of Montdidier, the war office announces.

The French took 258 prisoners. They organized their new positions notwithstanding German resistance. The official announcement follows: "After a brief and intense bombardment French troops yesterday afternoon took possession of the park at Grivesnes, an important part of which had been occupied by the Germans. In this operation we took 258 prisoners, including four officers and also a considerable amount of material. Notwithstanding the vigorous German artillery fire and attempts of enemy patrols to approach our new line, our infantry maintained the positions which had been captured and organized them."

"On the right bank of the Ailette in the Champagne near Massiges, north of Rheims and in Lorraine at Ailly wood, the French carried out successful local attacks or repulsed German raids. In these operations we took 33 prisoners, including one officer."

ISSUES PROCLAMATION.

(ASSOCIATED PRESS TELEGRAM)
Amsterdam, May 10.—In a proclamation to the population of occupied and unoccupied territory the Rumanian government announces the conclusion of peace, according to a Bucharest dispatch, and adds that the country re-enters a state of neutrality "under the protection of its constitutional institutions" which were unassailed by the war.

UNFILLED STEEL TONNAGE.

(ASSOCIATED PRESS TELEGRAM)
New York, May 10.—Unfilled orders of the United States Steel corporation on April 30 last, amounted to 8,741,882 tons, according to the monthly statement issued today. This is a decrease of 219,522 tons compared with the orders on March 31.

NAVIGATION BLOCKED.

(ASSOCIATED PRESS TELEGRAM)
Toledo, May 10.—Lightning today struck the electric motors operating the draw spans of the Cherry street and terminal railroad bridges across the Maumee river. The spans were closed and cannot be opened until repairs are completed. Navigation in the harbor is blocked.

AMUSEMENTS

GRAND
"Over the Top"
 The United States War Department, in recognition of the patriotic nature of "Over the Top," and the service rendered by Sergeant Empey to his country, granted Albert E. Smith, president of the Vitaphone company, the privilege of filming the great trench scenes appearing in the regular army cantonment, Camp Wheeler, Massachusetts. Seventy-five hundred regulars appear under the command of Empey in this master production which will start for a two weeks' run at the Hartman theatre, Columbus, May 26.

ALHAMBRA
"Revenge"
 In "Revenge," a Metro pictorialization of Edward Lortie's famous novel of the West, "Hearts Steadfast," Edith Storey, star, is supported by a most capable cast in this picture which was directed by Tod Browning who produced her first picture, "The Eyes of Mystery," under her new alliance. Wheeler Oakman is her leading man, playing "Dick" Randall. Oakman has signed a long time contract to appear opposite the athletic star, Miss Storey, in "Revenge," the first Metro picture in which he appears in this capacity. He was recently seen in "Princess Virginia" with Mae Murray. Miss Storey's leading man has played prominent roles in a long list of big features including "Mickey" with Mabel Normand, "The Spoilers," "The Ne'er Do Well," "The Battle of Hearts," "Shotgun Jones," and "The Cycle of Fate." A career on the speaking stage preceded his entry into motion pictures, and he has had valuable experience in stock. He is a native of Washington, D. C.
 Ralph Lewis, a well known heavy plays "Sudden" Duncan. He is best remembered by picture audiences for his work in a leading role in Griffith's "The Birth of a Nation." He has played Fox, Fine Arts and other companies, some of his pictures being "The Children Pay," and "A Sister of Six." His stage activities include vaudeville, vaudeville, and musical comedy. Stars whom he has supported on the speaking stage are Wilton Lackaye, James K. Hackett, Henry Miller, Lulu Glaser, and Julia Marlowe. The role of "Tiger Lily" is in the capable hands of Alberta Ballard, a player well known for her work with companies on the West Coast. Miss Ballard presents a sterling characterization of a Western "bad woman."

LYRIC
 Commencing today, Jake J. Rose and his Rose Bud Girls company will present the roaring comedy, "Breaking Into Society," featuring Jake Rose, Rube Fulkerson, Billy Beecher and Ollie Castle and the Clous.
 "Breaking Into Society" is a clean comedy full of ginger and specialties. It tells a story of Mike and Ike trying to go into society, and what a blunder they make and get into some very funny situations.
 Tonight Mr. Elden will offer his usual Country Store and promises a big enjoyable evening to all.

AUDITORIUM
Marguerite Clark
 The Daughters of the American Revolution are giving a benefit tomorrow and Saturday at the Auditorium and Marguerite Clark is giving them a big part of the three days' business, so that they can purchase material for their sewing, which they are doing for the poor Belgian kiddies who have lost their daddies, mummies, or those who are unable to assist themselves over in that "God-forsaken" battle-scarred country. Marguerite Clark is the attraction and she is seen in her latest Paramount feature, "Rich Man, Poor Man."

The added features for today are "The Hearst-Pathe News," latest world events and the last of the Democracy Series, "Under Stars and Stripes." A most wonderful program is shown and if you can't do so by visiting this theatre today or tomorrow. Large crowds saw the Clark picture yesterday and all say it's good.
 Conveying in no uncertain language the message that riches without love is a mockery, "Rich Man, Poor Man," the latest Paramount picture starring that charming screen star, Marguerite Clark, was received with marked manifestations of approval by an audience that tested the capacity of the Auditorium theatre yesterday afternoon and evening. Both the star and the picture sustained themselves with the dignity that attaches to superiority, and the interest of the audience frequently manifested itself in hearty applause.
 Based upon the novel by Maximilian Foster, the story of "Rich Man, Poor Man," adapted by George Broadhurst, is highly dramatic and the various scenes hold the interest as by a spell. Beeston, a financier, selfish, brutal, unscrupulous and thoroughly unlovable, drives his daughter from him for presuming to wed the man of her choice. He becomes more treacherous than ever, and lives the life of a recluse although he has living with him his daughter, Mrs. DeCourcy Lloyd, and her shiftless husband, whom Beeston cannot endure. A woman staggers into Mrs. Lloyd's boarding house one stormy night, carrying a little girl. She dies and leaves her child Betty to Mrs. Lloyd's care. Among Mrs. Lloyd's boarders is Henry Mapleson, an elderly man, who soon becomes a little Betty's champion. Betty grows up, Bayard Varick, comes to the boarding house with a mysterious trunk and he and Betty soon learn to love each other.
 One day when exploring his trunk, Varick finds a family Bible and other documents which prove that he is the orphan grandson of Beeston. He makes no use of this knowledge, having been warned by his dying father not to "have anything to do with a Beeston." Mapleson learns Varick's secret and in his desire to make Betty happy and the possessor of vast wealth, he forges Varick's records to make it appear that Betty is a grandchild of the aged financier.
 When Beeston is confronted with this apparent proof of relationship, he takes Betty into his household, despite the bitter opposition of the Lloyd. Beeston learns to love Betty, because of her winsomeness and her sweet tolerance of his petty humors. David Lloyd, his grandson, loves Betty and offers to marry her. To prevent this, his parents obtain proofs of Mapleson's forgery and Beeston is forced to the deception practiced upon him.
 The financier is both unable and unwilling to give up Betty and when she announces her intention to return to Mrs. Lloyd's, he threatens to prosecute Mapleson for forgery if she leaves him. Betty finally consents to remain and promises to marry David, although she does not love him. David is fatally injured in an accident and it is arranged that the wedding shall take place in the hospital.
 When Mapleson hears of this, he hastens to Betty with the genuine records showing that Varick is his grandson. Betty and Varick follow him to the Beeston home and news of David's death reached them. Beeston joins the hands of Betty and Varick and finds happiness in their mutual love and the thought that they will bring lasting joy to his lonely heart and home.
 The photoplay was admirably displayed and the music accompaniment was most artistic. Miss Clark's support was in every respect adequate and to the conscientious efforts of the players, much of the success of the picture, unquestionably was due. The principal roles were played by the capable hands of Richard Barthelmess, George Backus, J. W. Herbert, Augusta Anderson, Otella Nesmith, Mary Davis, Donald Grayson and William Wadsworth.
 If business continues as it did yesterday the D. A. R. should realize a neat sum.

THE BRIDE OF FEAR
 A girl saved from suicide marries her rescuer out of gratitude only to discover that he belongs to the lowest class of criminals. The ink is not dry on the marriage certificate when the husband is taken away to prison for one of his many crimes. Years afterward, the girl, believing her husband dead, is engaged to another man, a

man she loves, when the convict appears.
 This is the striking plot of the Wm. Fox photoplay, "The Bride of Fear," in which the beautiful Jewel Carmen will be seen at the Auditorium theatre on Sunday. Although one of the youngest, Miss Carmen is also one of the best known actresses in the world of the screen. She was chosen especially for this role because of her ease and fluency with which she can handle the most trying characterizations. The photoplay is so subtly done that critics who have seen it have been unanimous in their praise. Miss Carmen is supported by a cast of well known photoplays. A two reel comedy is also promised.

The Loves of Cleopatra
 Cleopatra, great Queen of Egypt, craving world dominion, has been expelled from Alexandria by the victorious army of Julius Caesar. Surrounded by her forces, Cleopatra picks her tents in the shadow of the pyramids. She vows vengeance against Caesar.
 A messenger from Alexandria adds to the Queen's wrath by imparting the news that the Roman Caesar sits in the council chamber of the Ptolemys.
 Determined to face Caesar, Cleopatra orders a rug brought, planning to appear before the Roman, wrapped in the rug. To make him a slave to her beauty is her one idea. She orders a chariot and is on her way to face the conqueror.
 Caesar, enraged at the escape of Cleopatra, sets about to effect her capture. In the midst of his tirade a soldier announces the arrival of a messenger bearing gifts from the King of Thrace. A huge rug is carried in which, when unfolded, discloses in all her beauty the wondrous Queen of Egypt.
 Slowly the Queen glides toward the throne where sits Caesar. He succumbs to her charms. Cleopatra is re-installed in her palace with Caesar her abject slave and devoted lover.
 Many anxious weeks follow. Cleopatra instills the idea of world power into the mind of Caesar, they to rule the entire civilized world together. Fired by her plans, Caesar leaves for Rome and to proclaim himself emperor. In Alexandria, a distant city, Amenemhat, Royal Priest of Osiris, is preparing his son, Pharon, to release the Egyptian people from bondage.
 "Know, my son," says Amenemhat, "that for ages the Greek Ptolemys have sat upon the throne of Egypt. This must be the hand which shall slay the usurper and grasp the power to which the mighty Gods have called thee."
 Pharon, hereditary king to the Egyptian throne, now occupied by Cleopatra, swears to rid his land of the alien and to restore the ancient throne of the Pharaohs.
 While Caesar is on his way to Rome, Pharon is on his way to Alexandria. Caesar in Rome makes a beautiful place upon the throne. While waiting for the great Queen to pass into her palace, he thrashes one of her slaves for handing a woman and her child roughly. Cleopatra witnesses the encounter and it attracts to the handsome stranger. She asks him to the palace that night after she learns he is an astrologer.
 On his arrival at the palace, Pharon interprets a dream for her. Pleased at his interpretation, she appoints him Court Astrologer.
 As the days pass, Pharon gradually falls in love with the Queen, forgetting his vows of vengeance, he becomes her devoted lover.
 After the battle of Philippi, in which Brutus and Cassius were defeated, the great triumvirate Antony, Lepidus and Octavius divided the Roman Empire among them. Antony commands Ventidius, his general, to go to Egypt and bring Cleopatra to appear before him at Caesar's tomb to answer the crime of aiding Brutus and Cassius.

LOOKER-KIDDIES!
CIRCUS IS COMING
 Ringling Bros. Mammoth Show and Great Spectacle Will Soon Be Close at Hand.
 "Ringling Day," the big holiday for which young and old impatiently wait at this season of the year, promises to eclipse all other events on the calendar. The Ringling Bros. Circus, with its 12,000 animals, 1,200 actors and 100 riders, headed by May Wirth, who somersaults from the back of one galloping horse to another. They will execute the world's greatest aerial gymnast: Australian woodchoppers felling giant trees; Hillary Long, who leaps the gap on his head; and a world of other thrilling features. Eighty clowns will furnish fun and more trained animals and trick horses and elephants will appear than ever before.

YOU CAN TELL THE PEOPLE WHO HAVE IRON IN THEIR BLOOD—STRONG, HEALTHY, VIGOROUS FOLKS

Doctor Says Ordinary Nuxated Iron Will Increase the Strength of Nervous, Run-down People in Two Weeks' Time in Many Cases.

ONE glance is enough to tell which people have iron in their blood. They are the ones that do and dare. The others are in the weakling class. Sleepless nights spent worrying over supposed ailments, constant dosing with habit-forming drugs and narcotics and useless attempts to brace up with strong coffee or other stimulants are what keep them suffering and vainly longing to be strong. Their real trouble is lack of iron in the blood. Without iron the blood has no power to change food into living tissue and therefore, nothing you eat does you good you don't get the strength out of it. When iron is supplied it enriches the impoverished blood and gives the body greater resistance to ward off disease. Numbers of nervous, run-down people who were ailing all the while have been restored to health and strength and endurance simply by taking iron in the proper form. And this, after they had in some cases been ironing on for months without getting benefit from anything.

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Then take two or three tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. There is nothing like good old iron to help put color in your cheeks and sound, healthy flesh on your bones. But you must take iron in a form that can be easily absorbed and assimilated like Nuxated Iron if you want it to do you any good, otherwise it may prove worse than useless.

Many an athlete and prize fighter has won the day because he knew the secret of great strength and endurance which comes from having plenty of iron in the blood while many another has gone down to ignominious defeat simply for the lack of iron.

In regard to the value of Nuxated Iron, Dr. A. J. Nuxated, late Police Surgeon of the City of Chicago, and former House Surgeon, Jefferson Park Hospital, Chicago, says: "Nuxated Iron has proved through his own tests of it to excel any preparation he has ever used for creating red blood, building up the nerves and strengthening the muscles. Dr. J. W. Armistead, Grove Hill, Ala., graduate of the Alabama School of Medicine, Mobile, 1888, says: 'In the cases I used Nuxated Iron I have found more beneficial results than from any preparation I have ever used in 34 years' practice.' Dr. B. Beauvoir, Fort Worth, Tex., says: 'Nuxated Iron is a reconstructive tonic is needed'."

MANUFACTURERS' NOTE—Nuxated Iron recommended above is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not irritate the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will

What Nuxated Iron is Made From

Sworn Statement of Composition On Its Formula.

THE Board of Directors have authorized the broadest publication of the sworn statement of the composition of Nuxated Iron, so that the public may examine it for themselves and judge as to its merits.

Newspapers everywhere are invited to copy this statement for the benefit of their readers. It is suggested that physicians make a record of it and keep it in their offices so that they may intelligently answer questions of patients concerning it. Everybody is advised to cut it out and keep it. A copy of the actual sworn statement will be sent to any one who desires such. It is as follows:

Iron Peptonate (Special specific Standard) Quantity given below. Sodium Glycero-phosphate U. S. P. (Monsanto). Calcium Glycero-phosphate U. S. P. (Monsanto). P. E. Nux Vomica U. S. P. Cascara Bitter. Magnesium Carbonate. Pot. Ginger U. S. P. Oil Cassia Cinnamon U. S. P. Calcium Carbonate Precip. U. S. P.

Each dose of two tablets of Nuxated Iron contains one and one-half grains of organic iron in the form of iron peptonate of a special specific standard which in our opinion possesses superior qualities to any other known form of iron. By using other makes of Iron Peptonate we could have put the same quantity of actual iron in the tablets at less than one-fourth the cost to us, and by using metallic iron we could have accomplished the same thing at less than one-twelfth the cost; but by so doing we must have most certainly impaired their therapeutic efficacy.

Glycero-phosphates used in Nuxated Iron is one of the most expensive tonic ingredients known. It is especially recommended to build up the nerve force and thereby increase brain power, as glycero-phosphates are salts of organic phosphorus in a state very similar to that in which it is found in the nerve and brain cells of man.

As will be seen from the above, two important ingredients of Nuxated Iron (Iron Peptonate and Glycero-phosphates) are very expensive products as compared with most other tonics. Under such circumstances the temptation to adulteration and substitution by unscrupulous persons is very great, and the public is hereby warned to be careful and to buy only the bottle plainly labeled "NUXATED IRON" by the Dae Health Laboratories, Paris, London and Detroit, U. S. A., as this is the only genuine article. If you have taken other forms of iron without success, this does not prove Nuxated Iron will not help you.

refund your money. It is dispensed in this city by Evans' Cut Rate Drug Store, W. A. Erman, The Mykranitz Pharmacy and all other druggists.

BACKS UP CLAIM THAT CATARRH AND DEAFNESS CAUSED BY CATARRH MAY BE ABOLISHED

Katarro Blower Spreads Antiseptic Vapor Over Catarrh Polluted Membrane, Smothering Germs and Killing Them

See the picture of the little Katarro Blower below—simple as it looks and is, it is one of the important medical discoveries of recent times.

And for this reason—with it you can blow germ killing vaporized air on the tender membrane of the nasal passages and throat and destroy the malicious germs that devour the membrane and cause catarrh and catarrhal deafness.

It is the only invention that can carry the germ killing air into every nook, fold and crevice of the mucous membrane where the germs thrive and multiply.

You blow without effort; just place the small lower tube in the mouth, the upper two in the nostrils and blow the destructive germs into perdition. It's the quick sure way to banish catarrh—many say it is the only way.

Read these letters from people who know and then ask T. J. Evans who has a supply of Katarro and Katarro blower on hand to let you

look at this ingenious invention which costs little but accomplishes much.

Mr. Henry Roberts, Minden City, Mich., writes: "We used one treatment among four of our family and it has cured us all of catarrh."

A. O. Spencer, Lebanon, Ind., writes: "I am using Katarro and appliance and it is helping my deafness very much."

Katarro is the best remedy I have used for my catarrh," writes Ole Norland, East Grand Forks, Minn.

Westley S. Sigl, Marshfield, Wis., writes: "I find Katarro the best remedy on earth for catarrh and hay fever."

Frank Wells, cashier Preston Savings Bank, Preston, Iowa, writes: "The whole family has used Katarro and think it fine for colds."

E. B. Stull, secretary, Valler City, N. D., writes: "I am troubled with catarrhal asthma and find Katarro affords immediate relief from the asthmatic spasms."

T. E. Buchanan, Aurora, Ill., writes: "I had catarrh very badly but since the use of Katarro have not been bothered with it."

Harry W. Essinger, Bebe, Ark., writes: "Instead of my head and nose being clogged up on rising in the morning they are as clear as can be since using Katarro."

"In six weeks I was completely cured of Asthma and have never had the least symptom of a return," Mrs. Fries, 1618 N. Avers Ave., Chicago.—Advertisement.

Ford

The Ford Motor Company has voluntarily reduced the number of cars manufactured by them.

In order to devote the necessary factory facilities to government work only one-half the required number of Ford cars are being built and a large percentage of these are commercial.

We urge you to buy NOW while it is still possible to get a passenger car.

FORMER WILD FLOWERS OF NEAR KIRKERSVILLE

Along the runs there flowered in spring, as I dare say they flower now, violets—blue and yellow. And among the warm brow leaves of the woods spring beauties followed with their faint, pleading, little plink tracing; hepaticas—we call it liverwort—colonies of dogtooth violets, plantations of May apples, little clumps of Dutchman's breeches, the pure short-lived bloodroot, the friendship—encouraging memories with their childlike, surprised air, and many other wild flowers, bloomed everywhere through the woods. Later in the season, along the creek, the elecampane threw out its open, flaring, golden yellow flowers, and alongside of them were many strong, tall ironweeds carrying a small, odorless, deep-blue flower. On the edge of the Beaver dam and other marshes the iris and cardinal flowers bloomed. The former we always called the blue flag; the latter, autumn's first torch. Blackberries and elderberries were abundant, while here and there in the thicket were wild grapes, whose perfume at blooming is very sweet.

Morris Schaff.

PATRIOTIC WOMEN OF AMERICA

Attention! SAVE THE WHEAT. Let nothing stand in the way of carrying out this order.

Saving food is a military measure, and there is not one really patriotic citizen who would not be glad to serve her country by observing the requests of the food administration, even in the form of a command, as a soldier obeys.

SAVE THE WHEAT is the most important command which the government has issued. And unless the soldiers of the food administration carry out that command they are going to weaken the American offensive. They will fall down on their part of the pact and delay the glorious day of victory.

No one would deliberately do this, but there are thousands of women and men as well who are doing it thoughtlessly. There comes a time ever so often when the women weaken in her program of two wheatless days and a wheatless meal every day. It is for one reason or another difficult for her to have a wheatless breakfast; it means she must get out of bed a half hour earlier, she has neglected to order other flour the day before, or any one of a hundred small reasons of a similar nature.

But what happens if the men in a company offer excuses to his captain for not carrying out orders. Slight punishment, more severe punishment.

A FIRELESS COOKER FOR THE WARM DAYS

The fireless cooker is a warm weather comfort in most any kitchen. Used in conjunction with a kerosene stove, it means not only economy in fuel but it makes the kitchen a more habitable place when the warm days come.

Fireless cookers are now being made and used in hundreds of homes in town and country. What is more pleasing to the housekeeper than to put her dinner in the fireless cooker before she goes to town or market and to find it ready for serving when she returns?

The fireless cooker offers several advantages. The first is economy of time, as the housekeeper may leave the food cooking without worrying about the result while she is engaged in other household duties or while she is away from home. Some foods are improved by long cooking at relatively low temperature. The texture and flavor of tougher cuts of meats, old, tough fowl and ham are improved by slow cooking. Cereals and dried legumes and dried fruits are more palatable and wholesome when cooked for a long time. Soups and stews are delicious when cooked in the cooker. Baking, however, cannot be done very conveniently and satisfactorily in the ordinary home-made fireless cooker.

In some sections of the country economy of fuel must be an important consideration. The food for the cooker may be started on a wood or coal range when the morning meal is being prepared. The food to be cooked is first heated to boiling point on the stove in the cooking vessel and then this vessel, covered with a tight lid, is quickly placed in the cooker where the cooking continues. The cooker is so constructed that the heat does not escape. For long cooking it is necessary to place in the cooker under the cooking vessel a hot radiator. A soapstone is the best radiator and can be purchased at most hardware stores at 50 cents. A stove-lid, a brick or disk made of concrete, heated and placed in the cooker, may serve as the radiator.—U. S. Department Agriculture.

FILIPINA COLLEGE GIRLS PLANT GARDENS

Manila, P. I.—Girl students of the University of the Philippines, following the example set by the boys last year, are now spending their afternoons after classes are over in planting and cultivating gardens laid out in various unused portions of the college campus. Their principal interest is in their vegetable gardens, for they wish to do their bit in aiding the food production of the islands, but they are also laying out flower gardens and ornamental hedges which promise to make the "girls' corner" the most attractive spot on the campus.

"Goodness Knows They're Good"

BOMBARDING OF RHEIMS CATHEDRAL WAS BIG BLUNDER

Bombarding Rheims cathedral by the Germans did more than destroy this sacred old treasure house of worship and beauty. More than here, it shattered the possibility of a holy war of all Mohammedans united under Germany's ally, Turkey against the Christians, upon which the Kaiser had pinned his hopes.

Bishop Warne, who had been a Methodist missionary in India for 30 years, returning a few days ago in connection with the centenary celebration of the Methodist Episcopal church, says that India in common with all the civilized world, stood aghast when she heard of the bombardment of Rheims cathedral.

"What kind of people are these Germans?" asked the native Indian. "They have no respect even for places of worship—no reverence for God himself. If they came down here they would destroy our mosques, and violate our sanctuaries, too." By this wanton desecration, Germany classified herself in India as a barbarian.

"Aside from every other consideration," said Bishop Warne, "it was a tremendous blunder on Germany's part. If the Kaiser had succeeded in organizing the holy war he dreamed of, allying 67 millions in India with the Mohammedans of Turkey against the allies, he could have annihilated a large number of English and other white people, scattered through India, and he would have had the inestimable advantage of a friendly element in India.

"But the Kaiser had had any sense of Indian psychology, he would have realized that this was a fatal mistake. An incident in Cawnpore a few years ago might have given him warning. It was decided to straighten out some of the important streets of the city. One of these streets ran past a Mohammedan mosque, and ran across the extreme corner of a great prayer platform which stretches out in front of the mosque. It was agreed that it would be out of the question to cut off the corner of this platform to make way for the street. But the governor of the United Provinces had ruled that this street must be made straight. As a compromise, it was decided to tunnel under the corner of this platform, and let the street dip under it, and come out on the other side. The uproar and protest that this occasioned might well have occasioned a revolution. It, after considerable disturbance, the viceroy himself had not come to the city, and reversed the ruling of the governor. The fact that the viceroy did make this concession, and was willing to give this recognition to the sacredness of their holy place accomplished a great deal in winning the sympathy of the Mohammedan world, and putting them in the frame of mind which has meant such loyal support to Britain in the war.

"For the Mohammedans, it is tremendously intelligent. They were quite shrewd enough to put the two cases side by side, and appreciate the contrast. It may be imagined that tremendously deep influences were at work to cause the Mohammedan people not only to differ in their sympathies in this war, but to be willing to take up arms against each other. After this bombardment of Rheims cathedral, so strong was the feeling in India against joining the German side in the war, that an Indian Mohammedan National League was formed in Lucknow where I was living, and these Indian Mohammedans sent many cable messages to the Turks, urging them to keep out. When finally it was announced that Turkey had joined Germany, Mohammedans in India said: 'Well, this is a political war. It is in no way a religious war, and we will not be drawn in.'

"It is an interesting proof of their loyalty to England that they not only failed to join their brother coreligionists in war, but that they have turned out so enthusiastically under the British flag to fight against them. It is an irony of fate that it should be a Mohammedan army under British officers which is

IN THE SPRING

will be the great test of a life and death struggle on the Western front. In the everyday walks of life, it is the spring time that brings ill health. One of the chief reasons why the run-down man finds himself in a bad state of health in March or April, is because he has spent nearly all his hours for the past four or five months penned up within the walls of a house, factory or office. It is the reason for our diminished resistance—that is, lack of out-door life, coupled with perhaps over-eating, lack of good exercise, insufficient sleep, and constipation.

In the other words, we keep feeding the furnace with food but do not take out the "clunkers," and our fire does not burn brightly. Always keep the liver active.

There is nothing better for health than taking an occasional mild laxative, perhaps once a week; such a one as you can get at any drug store, made up of May-apple, jalap, aloes (sugar-coated, tiny, easily taken), which has stood the test of fifty years of approval—namely, Dr. Pierce's Pleasant Pellets. But for the "Spring Fever," the general run-down condition, the lack of ambition, the "blues," one should take a course of treatment every spring; such a standard tonic as Dr. Pierce's Golden Medical Discovery, now to be had in tablet form in sixty cent vials. Watch the people go springing along the street. There's no spring, no vitality. A vitalizing tonic such as this vegetable extract of Dr. Pierce's gives you the power to force yourself into action. The brain responds to the new blood in circulation and you're ready to make a fight against stagnation which holds you in bondage. Try it now! Don't wait! To-day is the day to begin. Gain a little pep, and laugh and live. You're really a healthy, natural out-spring of a healthy body. It does not pour up in a night. Try this spring tonic, and you gain the courage that comes with good health.

Buy Coffee from your Grocer Only

Paste this in your kitchen

Your grocer must please you to stay in business. He keeps large stocks—standard in weight and quality to meet your demands.

Why, then, buy from anyone else? At your grocer's you can see before you buy, and get your order without delay.

For delightfully good coffee, order Golden Sun.

No dust, no chaff. Goes farther. Fresh and fragrant.

Sold only by grocers—never by peddlers or mail-order houses. Try it.

THE WOOLSON SPICE CO.

Toledo, Ohio

Golden Sun Coffee

today taking, winning the Holy Land away from the Turkish Mohammedans.

Discussing German propaganda in India, Bishop Warne gave it as his personal opinion that a large part of the agitation against British rule in India, masquerading as nationalism, home rule, etc., is paid for by German spies.

"I recall an incident which illustrated the prompt unquestioning loyalty which individual Indians have shown. There in Lucknow, where I had happened to buy my drugs for 10 or 12 years. He believed, at the beginning of the war that Indian sympathy would be with Germany. One night he was playing tennis with a couple of Mohammedan gentlemen, and during the game he made remarks which showed his strong pro-Germanism. They finished the game, but as soon as it was over, these Mohammedans went directly to the office of the British commissioner in Lucknow. Inside of an hour his home was in the hands of the British army. By midnight he was on his way to an internment camp. In his home they found blueprints of every British fort in India. He was an important German spy, and his conversation on the tennis court had evidently been a feeler, to find out how the land lay."

NUMBER OF STATE POSITIONS OPEN TO APPLICANTS

More than a score of examinations for state service positions are called in the June issue of the official bulletin of the State Civil Service Commission, which has been issued.

The examinations are for all kinds of positions from janitor and messengers to expert accountants and engineers. The complete list of examinations which will be held on the same day in Columbus, Cleveland, Toledo, Dayton and Cincinnati, follows:

June 4.—Corporation accountant, for state tax commission, salary \$2,700; dredge engineer for the department of public works, \$1,680; junior messengers for all state departments, \$50 to \$60 per month; guards for state penal institutions, \$80 to \$90 per month; punch machine operators for industrial commission, \$840; and soil physicists for agricultural experiment station, \$1,000 to \$1,400.

June 5.—Electricians for state departments and institutions, \$730 to \$960; junior assistant engineers for state highway department, \$940; 1900 actuary for insurance department, \$3,250, and assistant actuaries for the same department \$1,200 to \$1,500; dredge fireman, board of public works, \$1,080; clerks for all state departments, \$840 to \$900.

June 6.—Deputy food inspectors, board of agriculture \$1,200; penal matrons (tenas) for women's reformatory, Marysville, \$45 and full maintenance; stationery and supplies, state department; chemist for agricultural station \$1,200 and claims referee industrial commission \$2,000.

June 7.—Boiler inspectors for industrial commission \$1,800; probation officers for Franklin, Hamilton, Cuyahoga, Lucas and Montgomery counties; civil engineer for department of public works \$1,800; associate chemist Experiment Station, \$2,000; safety engineers, stationary engineers, and chief stationery engineers. The last three examinations will be non-assembled prospective applicants for any of these positions should send for a free copy of the official bulletin.

WANT TO EAT PIE AND ALL THE GOOD THINGS BESIDES?

Then Take Nerv-Worth, Says Thankful Travelling Man, and the Table Pleasures Will Be Yours.

The giver of the following remarkable signed statement is a highly esteemed resident of Marietta, O., who for 18 years has covered Ohio and West Virginia for a Cleveland house. He began testing Nerv-Worth while in Bluefield, W. Va., a short time ago. Here's what he says of results:

"Salesmen on the road, having no regular eating place, have their troubles with indigestion, headache and nervousness. I have been trying out the famous Nerv-Worth, manufactured at Zanesville, Ohio. Seeing the testimonials of reliable people Nerv-Worth has so wonderfully helped I have been trying it out for two weeks for indigestion and headache. I must say I am a friend of Nerv-Worth. If you want to eat pie and all the good things go to Goodykoontz's drug store (the Bluefield agency) and purchase a bottle of Nerv-Worth for one dollar and the pleasure of eating good things is yours.

"J. H. HAMILTON,"

Marietta, O."

T. J. Evans sells Nerv-Worth in Newark. Your dollar back if this famous tonic does not benefit you.

PHILIPPINES WILL HAVE 1918 CENSUS.

Manila, P. I.—Five hundred thousand dollars has been set aside to defray the expenses for taking a new census of the Philippine Islands. No census has been taken for fifteen years, that planned for 1915 having been abandoned on account of the expense involved, and it is thought that the population figures will show an increase from 8,000,000 to 11,000,000. Plans are now being drawn up to insure the most efficient methods in handling the work, and it is expected that with the co-operation of government officials, insular, provincial and municipal, the task will be accomplished in a very short time.

WHY COAL USERS IN THIS STATE MUST ORDER NOW

Mines Must Be Kept Going Full Time in Spring and Summer to Prevent Serious Shortage Next Winter.

IMMEDIATE ACTION URGED.

Man Who Does Not Thus Co-operate With Fuel Administration and Railroads Takes His Place With the Slacker Who Judges Service at the Front or Refuses to Buy Bonds.

Greater co-operation in buying coal at once must be obtained in the West, Southwest and sections of the Middle West, the Fuel Administration announces at Washington, if the mines are to be kept going full time during the summer months and the danger averted of a serious shortage of coal in those sections next fall and winter.

Official reports to the Fuel Administration show that in the States of Illinois, Michigan, Kansas, Missouri, Oklahoma, Arkansas, Texas, New Mexico, Iowa, Utah, Washington, Colorado, Wyoming and Montana consumers of coal are not placing their orders in the volume expected, or in quantities necessary to insure against a winter shortage. This is true also, though to less extent, in Ohio and Indiana.

"Apparently the consumers in these districts have not yet realized the full gravity of the situation," the Fuel Administration states. "The mines in those sections must be kept going. They can be kept going only if coal ordinarily ordered later in the year is ordered now. The domestic consumer who delays placing his order is taking a chance of having an insufficient cold weather supply; the industrial user who fails to order his coal now is almost certain to face a shutdown later on."

Buy Now—Everybody!

"The man who does not do his part by anticipating his needs and co-operating with the Fuel Administration and the railroads by ordering his coal now takes his place with the man who avoids service at the front or refuses to buy Liberty Bonds. Every coal user should buy and store coal now to meet his requirements so far as he is possibly able to do so."

"Every state and local representative of the Fuel Administration is ready to help the coal consumer in every way possible to get an appropriate and adequate supply of coal. Every day that passes decreases the margin of time in which this assistance may be given."

"If you can't get the grade of coal that you have been getting in the past take another grade that you can get. It is better to have in your bins coal of a grade slightly different from what you have been using in the past than to go into winter without any coal at all."

"Consumers who do not order their coal now are gambling on the future. There is reason to believe that if every one anticipates his coal requirements and puts in his order now no one will have to do without next winter. If, however, there is delay in ordering coal it is more than likely that production during the fall and winter will be insufficient to meet the needs of every one."

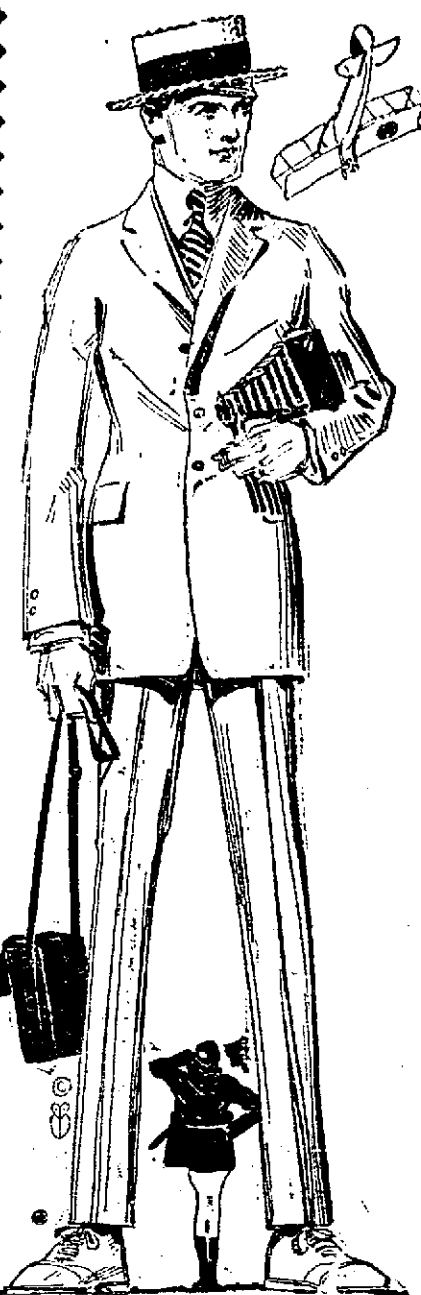

Better New Kind Than None.

"There has been notable neglect of certain grades of coal that are now available in large volume and clamorous demand, in certain quarters at least, for specific coals that various consumers have used for a number of years. While there is at the present no shortage of coal in the west, there may be a denial of selection of the precise coal most desired. If you seek to do your part place your order now for the coal nearest at hand and of which there is a large available tonnage and get your bins filled immediately."

"The Fuel Administration is anxious with every means at its command to secure the hearty co-operation of the public and to move into the bins of domestic users particularly their full year's coal supply before the first day of October. Whether it succeeds or not is entirely dependent upon your own personal attitude and action."

"If the anxiety of the Administration seems to you overdrawn proof of the necessity of its recommendation and the propriety of the warning will reach you in full force during the coming fall and winter, when coal will not be available, and your vigorous effort may result in another failure to secure an adequate supply. The indifferent coal consumer promises to find himself in the 'coal line' during the severe periods of the coming winter and compelled to accept a day to day supply of coal and possibly be entirely denied."

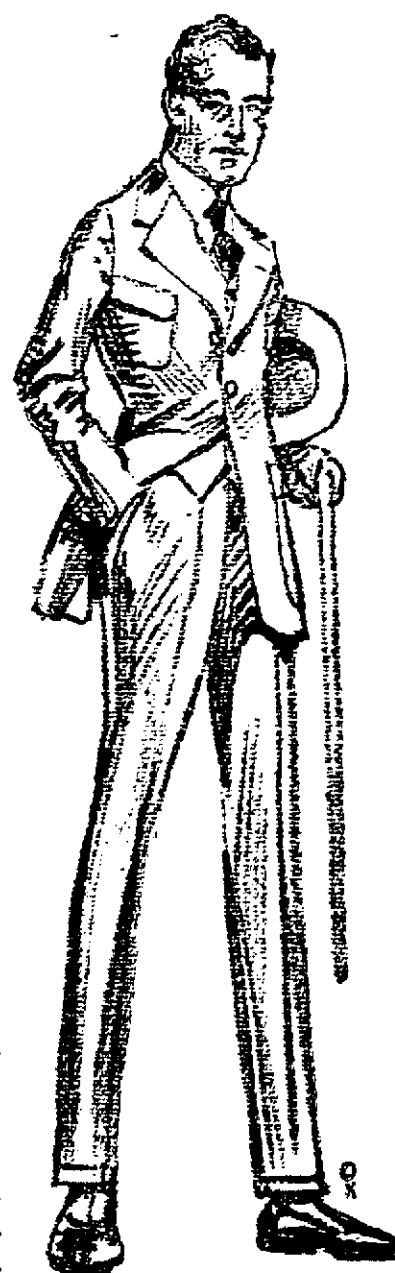

It is quite possible to scatter seeds of kindness without starting a war garden.

SOCIAL EVENTS

SOCIETY EDITOR, AUTO PHONE 2012.

A delightful surprise was given on Miss Anna Louise McCaddon, Wednesday evening, at her home, McIntire avenue, in honor of her sixteenth birthday. She received many presents. One of the features of the evening was an impromptu play in which several of the guests took part. Miss Betty Lane of Newark, was the out-of-town guest.—Zanesville Signal.

Keim—Young.
The marriage of Miss Mary V. Young and Mr. Harrison Keim took place on Thursday evening at 7:30 o'clock at the parsonage of the East Main Street E. E. church, Rev. A. B. Cox officiating. Mr. and Mrs. Keim will reside in this city.

The beautiful country home of Mr. and Mrs. Troubadour Fisk, near St. Louisville, was the scene of a very delightful occasion Sunday, when their friends and neighbors gathered to help celebrate their golden wedding anniversary.

There are five children, ten grandchildren and two great-grandchildren, all of whom were present except one granddaughter, Miss Madge Frampton. At the noon hour a splendid dinner was served the following:

Mr. and Mrs. Troubadour Fisk, Mr. and Mrs. Carl Fisk, Mr. and Mrs. Peter Van Winkle, Mr. and Mrs. John Frampton, Mr. and Mrs. Chas. B. Fisk, Mr. and Mrs. C. L. Riley, Mr. and Mrs. D. E. Porter and little daughter, Maggie; Mr. and Mrs. Carrie Rice and children, Howard and Johnny; Mr. and Mrs. Alomo McDowell, Mr. and Mrs. John Miller and little son, Charles Louis; Mr. and Mrs. Earl Frampton and little son, Robert; Mr. and Mrs. I. U. Porter, Mrs. Zora Harris, Mrs. Doris Hickman, Miss Nora Porter, Eva Harris, Lucille Porter, Messrs. Wm. Fisk, Jay Frampton, Ed Fisk, Dore Lynn, Glenn Harris, Fred Porter, Guy Porter, Wright McDowell and Edgar Porter.

Every Day Etiquette

"Will you please tell me if it is proper to enclose a stamp when writing to a person for information; a person who is simply an acquaintance?" enquired Margaret.

"You should most certainly enclose a stamp under such circumstances," answered her father.

FIRST WOMEN TO ENLIST IN NAVY

MISS LOUISE KUSTER.

MISS FRANCES MONNETTE.

Miss Monnette and Miss Kuster recently went to Parkersburg, W. Va., where they enlisted as yeomanettes. They are waiting to be assigned to duty.

Milady's Boudoir

The Beautiful Nail.

Beautiful hands are, of course, a natural gift. Everyone cannot achieve a plump, satin smooth hand with tapering fingers, rosy at the tips and ornamented with oval nails at one end and dimpled knuckles at the other. But the average hand, deformed by hard work or accident, may be made a most attractive feature of the personality. If fastidiously cared for.

The nails, however, are not the only important factor of a beautiful hand. A dollar a week spent at a manicure's may assure delicately pretty finger tips, but the rest of the hand may be red, rough, and worst of all, awkward. Manicuring may be done very successfully at home if one has the proper utensils and knows how to go about it, but first a visit to a good professional manicurist will be of profit, for one can, by watching her methods carefully, derive a great deal of useful information about the care of the fingers.

Devote twenty minutes twice a week to the nails, and then five minutes a day, and these members ought to be always in the immaculate and

dainty condition that a gentlewoman's fingers should show.

Never clean the nails with a steel implement as it will scrape the under side of the nail and leave a white mark, which is not attractive any more than the darker mark of soil. Always use a pointed orange wood stick, or if you happen to be where such a stick is not available, use an ordinary match scraped to a blunt point with an ordinary pair of scissors or a knife.

FATHER AT WAR, TRAGEDY AT HOME
Just What Home Service Means to a Soldier.

His Job to Bandage Wounded Houses
American Boss Carpenter Putting French Villages Back on the Map.

It was a monotonous stretch of ugly trench, wire entanglements, gaping shell holes, accented by the blackened skeleton of shell killed forests silhouetted against a dull, hopeless sky.

This had once been beautiful rolling land like our own Ohio and Indiana—rich in grain fields, orchards and gardens. Now it was desolation—nothing could live there—seemingly nothing did.

We had come on some rising ground, and as we climbed we reached the brow of the slope, and of a sudden it seemed that some giant had suddenly twisted the old world under our feet and we were back home, for of a sudden the sounds of life came up to us out of a bustling center of industry. That satisfying chug of an honest hammer head sinking willing nail into sound wood, and before us was a panorama of new building, with piles of clean lumber stacked here and there, and the framing of many new buildings told where the wood was going. Then we heard the voice of a man who talked real "United States"—telling 27 other carpenters what to do out in this foreign land thousands of miles from home.

We inquired of the boss as to who he was, and with true sense of humor he said: "I am a Red Cross nurse. My job is bandaging wounded houses."

Putting Villages Back on Map.

"This was once a French village," he went on to say, "in the center of fine sugar beet country. We are living now on the site of the sugar mill," he said, pointing to a long, low barracks, which plainly had been recently built. "We are working for the American Red Cross—putting villages back on the map. In four more weeks we'll be out of here and on our way to the next town, for there are many villages that need us. We go from place to place, always finding that our lumber has reached there first, so we can get right to work, clean up and move on again."

It is just like pioneering, this rebuilding work of our Red Cross—only more important—more important because it is vital to the winning of the war that these people come back to their soil and plant new crops—for future years of war or peace.

And so the tide of war sweeps back from whence it came, a Red Cross army follows close behind in uniforms of overalls, armed with Yankee hammers and nails to coax back the foundations that have been brushed into squalid helplessness in the south and east.

They are coming back home now, just a few days behind these carpenters—back to the beet fields, the gardens and the farms. Soon they will be feeding themselves and thousands of others.

News in the Want Ads tonight.

OBITUARY

Ada Sawyer Oschmann.
The 10-month-old baby daughter of Mr. and Mrs. Fred Oschmann (nee Miss Hazel Sawyer), died at the Lakeside hospital, Cleveland, of bronchial pneumonia, Thursday morning.

The remains were brought to Newark this morning and taken to the home of Mrs. Wm. Reynolds, who is a sister of Mrs. Oschmann, at 58 North Arch street.

Funeral services will be held Saturday at 10 o'clock a. m., at the home, Rev. L. P. Franklin officiating. Burial in Cedar Hill cemetery.

Mrs. Ruth Amrine.
Mrs. Ruth Amrine, aged 72, the wife of Andrew Amrine, died Wednesday evening. Mrs. Amrine was a member of the Pleasant Valley church and in addition to her husband, is survived by the following relatives: Two children, Mrs. Ivan Minnich, of Gratiot, and Charles Amrine of Zanesville, one brother, Lemuel Gardner, of Soldier, Kansas; a niece, Mrs. J. M. Amweg, of Philadelphia, and six grandchildren. Funeral services will be conducted at the home by Rev. Mr. Hartford, of Granville, Saturday at 10:30, and burial will be made in the Pleasant Valley cemetery.

Funeral of Frank B. Westbrook.
The funeral services of Frank B. Westbrook was held this morning at 11 o'clock at the Rocky Fork church, Rev. Mr. Byers and Rev. R. E. Carman officiating. Burial was made in the adjoining cemetery.

Funeral of Mrs. Ethel Parker.
The funeral of Mrs. Ethel Parker was conducted at the Pleasant View church this afternoon at 2 o'clock. Interment was made in the Barnes cemetery.

Card of Thanks.
We wish to express our heartfelt thanks to friends and neighbors for their kindness shown us during the sickness and death of our beloved wife and sister, Mrs. Adelaide Asire; also, do we thank Criss Bros., Rev. Mr. Cox and choir, and also for the many beautiful floral offerings.
Husband, Sister and Brother.
5-10-18

FATHER AT WAR, TRAGEDY AT HOME
Just What Home Service Means to a Soldier.

The father kisses his wife and kiddies goodby, shoulders his gun and marches away to war.

For a time the current of life flows smoothly for the soldier's little family. Then comes the tragedy. Mother is taken ill. The little brood of brothers and sisters is helpless. No father to turn to. A helpless mother!

To whom can the American soldier's family look at this critical period? Must a brave man's loyalty to his country mean desolation and suffering to those nearest and dearest to him?

Not! Emphatically not! The American people will not permit the families of their soldiers and sailors to suffer because their breadwinners are fighting for their country. And so the Red Cross Department of Civilian Relief has created a nation-wide organization for home service for the families of soldiers and sailors.

Under the banner of "Home Service" patriotic men and women have enrolled and are devoting themselves to the noble task of helping soldiers' families to meet and adjust the problems of everyday life and aiding them to maintain the standards of health, education and industry.

Home Service—True Service.

Home service means keeping the soldier's children well and in school. It means tiding the family over financial troubles, arranging the household budget, meeting insurance premiums, adjusting a mortgage, bringing medical aid and legal advice to bear at the right moment. In short "Home Service" is true service, in that it provides the warm handclasp of friendship rather than the humiliation of charity. It calls for sympathetic understanding and intelligent consideration of the most vital needs of the soldier's family. The Red Cross is pledged to "Home Service" wherever needed in the United States. In each chapter of the Red Cross there will be a home service section, under competent hands, whose mission will be to protect the welfare of the soldiers' and sailors' homes and to safeguard the normal development of their families in employment and in ideals of self help and self reliance.

RHEUMATISM

Physician Believes a Genuine Remedy for the Disease Has Been Found.

Rheuma, the wonderful rheumatism remedy sold by T. J. Evans and all druggists, gives quicker and more lasting relief than other remedies costing many times as much.

Rheuma passes the deadly poisonous secretions into the bowels and kidneys, from which they are quickly thrown off in a natural healthy way. Read what a reputable physician has said about Rheuma: "I have made a most careful investigation of the formula employed in the manufacture of Rheuma, and I heartily recommend it as a remedy for all forms of rheumatism. I find Rheuma far in advance of the methods generally employed in the treatment of rheumatism, and altogether different in composition from the remedies usually prescribed."—Dr. M. C. Lyons.

This should give any sufferer from rheumatism confidence to try Rheuma.

CELEBRATE GOLDEN WEDDING

Mr. and Mrs. Troubadour Fisk, of St. Louisville, who recently celebrated their golden wedding anniversary.

Abe Martin

If our country would just wake up and take 't' th' war like it took 't' belted overcoats an' short skirts we'd git on faster. Next 't' th' lightning' rod agent nothin' has degenerated like th' country town hotel.

Copyright National Newspaper Service.

Our Boys and Girls

You should give the baby a bath tub and sponge every day. Use a

medium-sized bath tub and have a basket filled with the things you need. The furnishings should include a box of talcum powder, a jar of white vaseline, a cake of pure castile soap, safety pins, a bottle of horic acid solution, a bath thermometer, a soft baby hair brush, large squares of soft old linen, a bath blanket and a complete set of clean clothes. A bath thermometer is an inexpensive convenience, and the water should always be tested before you put baby into his bath. The water should be at body heat or slightly above, say from 98 to 100 degrees. When the water feels neither hot or cold, it will be comfortable for the baby. If you do not wish to burn the baby, do not turn on the hot water after you have put him in the tub.

THE COURTS

Verdict for Defendant.
In the case of George E. Taylor, administrator, vs. The Ohio Electric Railway Co., the jurors returned a verdict for the defendant company.

Asks New Trial.
A motion for a new trial was filed today with the clerk of common pleas court in the case of George E. Taylor, administrator, vs. The Ohio Electric railway company. The jury returned a verdict in favor of the defendant company yesterday.

Suit for Damages.
In common pleas court the court and jury took up the trial of the case of Ollie Alberry, administrator, vs. William Gilmore. The suit is brought to recover damages growing out of the death of Lester Pearl Alberry, husband of Ollie Alberry. The decedent was kicked by a horse on a farm in Hartford township in May, 1914.

County Commissioners Meeting.
The county commissioners went to the western part of the county this morning to meet with the commissioners of Fairfield county at a joint session to discuss the improvement of the Buckeye Lake road along the Licking-Fairfield line. This road is partly improved and some action will probably be taken to make further improvements.

Justice Jones' Court.
Special Deputy Sheriff Charles H. Mercer arrested Oscar Watkins of Bowling Green township, yesterday afternoon on the charge of not having secured license for his bulldog. When brought before Justice D. M. Jones he pleaded guilty to the charge and was fined \$25 and costs.

While She's Knitting.
Parke—My one regret is that I am beyond the draft age.

Lane—But you are doing a lot now, aren't you?

Parke—That's it. My wife is giving me a course of intensive household training.—Life.

M. M. Bailey of Somerset, was in the city yesterday on business.

MOTHERS DAY

SHE'LL BE WAITING for a message from you young man or young woman. Are you going to disappoint her?

She knows it is Mothers Day and is wondering if you think enough of her to remember it, too.

How pleased she will be—what joy will show in her eyes, when she receives a bouquet from you, a message sweeter than words telling mother you still love her and have not forgotten.

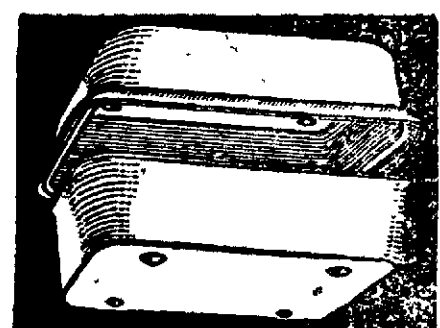

We have a beautiful array of fresh cut flowers at reasonable prices and we will deliver them anywhere.

Predict Speedy Recovery. The condition of Miss Eleanor Johnson, daughter of Attorney Ernest T. Johnson, who was operated upon at the City Hospital yesterday morning for appendicitis, is much improved today. She rallied from the shock very nicely and a speedy recovery is looked for.

Received the Gift. Mrs. Walton of 19 East Holiday street, has received a letter from her son George Walton who is at Camp Sheridan, Ala., stating he had received his share of the gifts recently sent to the camp by the dinner committee. It was intended to have a Christmas dinner for the men but several postponements were necessary and the money was used for tobacco, cigars, cigarettes and other gifts. Private Walton said they "sure came in handy, and were greatly appreciated."

CAMP SHERMAN NOTES

Camp Sherman, Chillicothe, O., May 10.—Ohio infantrymen at Camp Sherman are being spurred on in their intensive bayonet drilling by the use of huge posters with which the barracks are plastered.

For weeks the selectees in the four infantry regiments have been practicing bayonet charging on stuffed straw bags or "dummies." The posters bear the caption: "Every dummy is an armed opponent. Go get him!" And shows the picture of a massive German soldier with a fixed bayonet, emerging from one of the dummies.

Camp officials believe that the psychology of the posters will have a very noticeable effect on the bayonet drilling. They claim that psychology is just as important as drilling—that both have their use. Captain M. De Brissac Owen, of the British army, who is stationed here as an instructor, originated the poster idea. The big poster was drawn by Private Reinhardt, Company B, 331st Infantry.

Officers at Camp Sherman are seriously objecting to the practice of some Ohio courts in releasing prisoners, providing the convicted men voluntarily enlist in the national army here. The camp authorities state that the national army is no place for convicts and that they do not want the morale of the men lessened by any such action.

The Camp Sherman baseball team will go to Youngstown tomorrow for a game with a semi-professional team. On Sunday the team will play a team of rubber-workers in Akron.

GERMAN PROFFER

(Continued from Page 1) American people. Far from creating a spirit of reconciliation it would simply strengthen the American will to smash the perfidious and nefarious offer of such proposals.

"The United States intends to continue the fighting until the Prussian military power and, if necessary, the Prussian state along with it is extinguished forever as a power for evil, whether it takes one year or 10.

"If you call the remorseless sacrifice of two million men a peace offensive, and if you want the United States to recognize your shelling of Parisian congregations and churches as a part of it you are making a monstrous and foolish blunder.

"When I listen to your false and treacherous overtures, I feel ashamed of humanity."

Professor Quiddie, adds the correspondent, left the house weeping. The next week Professor Heron was besieged by new offers by telephone—one of the speakers saying he was Dr. W. S. Salt, German colonial minister. Professor Heron talked straight to all of them, telling them among other things, that "the United States no longer wants peace. It wants to sweep out the Augean stables at Potsdam."

Professor Heron, the dispatch adds, told the story to the correspondent and laughed triumphantly. He said he believed the Germans United States intends to stay in the war until its righteous objects are achieved.

The Professor Quiddie referred to above is probably Professor Ludwig Quiddie, a historian of the University of Munich in the Bavarian capital German Chancellor von Hertling is a Bavarian and was formerly Bavarian prime minister.

Professor Ludwig Quiddie was a delegate to the twentieth universal peace conference at The Hague in the fall of 1913. In moving before that conference a proposal for gradual disarmament. Professor Quiddie severely blamed Germany for the increase in armaments in Europe. He said that there would have been no increase by France but for the action of Germany. The Professor Heron referred to in the dispatch is probably Professor George D. Heron, formerly of Grinnell college, Iowa. Nearly 20 years ago Professor Heron came into considerable prominence on account of his views regarding marriage. Separated from his first wife he followed out his ideas in contracting a second marriage. He has lived in Europe for more than a decade.

COMMENCEMENT WEEK

AT KIRKERSVILLE, O.

Kirkersville, O., May 10.—Prof. and Mrs. H. J. Gunister kindly donated their home for the evening for the delightful party of upper classmen and instructors in keeping with the time honored custom of bidding the August 4th termers good by.

A variety of indoor games went far toward the make-up of the evening's entertainment. The carefully prepared banquet was both delicious and satisfying.

Contrary to all precedents the class of seven this year have only two girls and five boys. The roll of the class is: Ella Schaad, Grace Sewell, Raymond Lehard, Stanton Musser, Leland Woodruff, Harold Hokinson and Reed Snider.

The baccalaureate sermon will be in the Baptist church Sunday evening, May 12. The address will be delivered by Dean Henry G. Williams of Columbus. The commencement exercise will be in the school auditorium the following Thursday, May 16, at 8 o'clock, government time. The seniors will give their play the same evening, "The Servant in the House."

Willing to Do Her Bit. Mrs. Newbridge has made some real war bread.

Oh! The trouble is that she can't find a German to feed it to—Buffalo Express.

Good Riddance. Landlord—Sir, the other tenants will not stay if you insist on playing the cornet.

Mr. Tools—I'm glad of that. They were very annoying.—Poston Transcript.

NO MORE VOLUNTEER ENLISTMENTS FROM THE REGISTRANTS

Peter Baruxes of the Sparta, and Elmer Lawrence Howard, South Pine street, were sent to the Columbus barracks yesterday by the local draft board and from there will be assigned to their respective camps. Baruxes was assigned to the ordnance training camp—Camp Hancock, Augusta, Ga.—and will probably be used as an interpreter in the first consignment of troops to the Greek border.

Howard enlisted as a motorcycle driver in the tank corps and was assigned to Camp Colt, Gettysburg, Pa. The local board has received a bulletin from the state draft officials stating that registrants under the selective service are prohibited from voluntary enlistment for active service in the army. This means that no more volunteers will be accepted and the registrants must wait until called, according to their order numbers.

MOTHER STARTS TO IMPROVE WHEN SON ARRIVES FROM CAMP

The condition of Mrs. J. C. Brown, wife of the East Main street grocer, who has been critically ill at the city hospital is reported as improved and her physicians stated today that the crisis had been passed and that she had an excellent chance for complete recovery. Her son, Clayton, arrived late last night from an aviation camp in New Jersey where he has been stationed, and his mother had been prepared for his coming and he was taken to her bedside by his father. Since then Mrs. Brown has taken a new lease of life and her ultimate recovery is predicted, which is gratifying news to her legion of friends.

LICKING COUNTY'S WAR STAMP SALE

Columbus, May 10.—War Savings stamp sales reports from Licking county for the week ending May 2 were considerably in excess of the expectations of the Ohio war savings committee. The achievement of this county made possible the record attained for Ohio in April of selling more War Savings stamps than any other state in the country.

In Licking county, total sales of War Savings and Thrift stamps to May 1 are recorded at state headquarters as \$149,409. This sum was made largely possible by the increase in War Savings stamp sales for the last two weeks of April. Licking county's quota to May 1 was \$412,060.

For April, Ohio sold enough War Savings stamps to build seven transports to be used in conveying Ohio boys to France. The total cash deposited in the United States treasury for this period was \$6,477,730, a gain of \$2,012,697 over March. "The roll-up effect of the war savings campaign shows a constant tendency to expand from month to month, as indicated by the gain in April sales of 45 per cent over March," a statement issued by H. P. Wolfe, state director, says.

WILL WORK OUT FINE IN JAIL

David Leasure, 21, one of the men who was arrested on Wednesday charged with vagrancy for whom jobs were found at the Wehrle Co. decided he did not like his job after he had worked a half day.

Both men at the time of their arrest were given fines of \$50 and costs but both were suspended as long as they remained at work. Leasure found "his work too heavy" so he quit. He will now work out his fine at the county jail.

Another citizen was arrested yesterday on complaint of his wife who charged him with assault. She said he struck her with a milk bottle. The case will be heard this afternoon.

David Williams, colored, who several weeks ago, was arrested charged with taking paint and other materials from the basement of the Kresge store, was bound over to the probate court in the sum of \$200.

Two plain drunks concluded the police court slate and drew the usual fines.

BANISH NERVOUSNESS

Put Vigor and Ambition Into Run-Down, Tired Out People

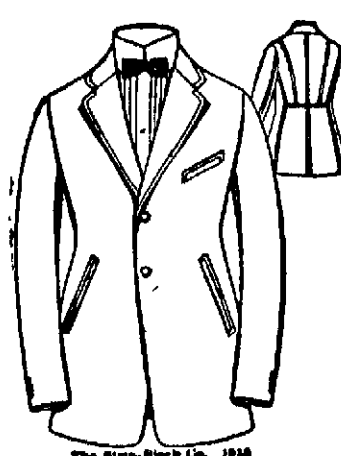

If you feel tired out, out of sorts, despondent, mentally or physically depressed, and lack the desire to accomplish things, get a 50 cent box of Wendell's Ambition Pills at T. J. Evans today and take the first step toward feeling better right away.

If you drink too much, smoke too much, or are nervous because of overwork of any kind, Wendell's Ambition Pills will make you feel better in three days or money back from T. J. Evans on the first box purchased.

For all afflictions of the nervous system, constipation, loss of appetite, lack of confidence, trembling, kidney or liver complaints, sleeplessness, exhausted vitality or weakness of any kind get a box of Wendell's Ambition Pills today on the money back plan.—Advertisement.

Sunday is Mother's Day. Don't forget to send her a card. Norton's Bookstore. 5-10-11

"I HAVE NEVER FELT BETTER"

Housework Doesn't Tire Me At All Since Taking Tanlac, Says Cincinnati Woman

"I took five bottles of Tanlac altogether and it has made me feel better than I ever did in my life," said Miss Mary Hines, 120 West Eighth street, Cincinnati, Ohio.

"My stomach was out of order before I took Tanlac. The food I ate caused gas to form in my stomach and made me feel bloated. I had bad headaches often and sometimes I had to stay in bed because of them."

"I was nervous, too, and I was so restless at night that I couldn't sleep. I often got up at night and read a book to quiet myself."

"A friend urged me to try Tanlac. The first bottle helped my stomach, so I kept on taking Tanlac. The second bottle helped my nerves a lot and I began to sleep better. Then my appetite came back and I have gradually improved until now, since I've taken five bottles, I feel better than I ever did before. The housework I do doesn't tire me out at all now."

Get Tanlac and get your system back in shape. Don't feel half sick.

TO RHEUMATIC SUFFERERS.

The new Tanlac Rheumatic Treatment consists of a penetrating liniment for external use, and a tablet designed to drive uric acid from the system. It is the modern method of treating this painful and dangerous ailment. If you are suffering from rheumatism get a treatment today.

Tanlac remedies are being introduced in Newark at Erman's Arcade Drug store. Tanlac may also be procured at the Evans pharmacy (Warden Hotel block, east side square, Newark), and the Hebron Drug store, Hebron, O.—(Adv.)

MANY THRILLS ARRANGED FOR ELK DAY HERE

The Elk war savings stamp enterprise, 100 per cent war chest, is going over the city like wildfire. Dr. J. T. Lewis, Atty. F. S. Scott and Leo Thomas, members of the committee having the matter in charge report that they cannot get the books out fast enough to supply the demand.

The plan, which is to award \$300 worth of war savings stamps on Elk night during the war chest campaign, is meeting with the hearty endorsement of all and everybody is securing one or more tickets. Any member of the committee will furnish a book of 20 tickets upon demand.

Today "Red" Vaughn and "Billy" Korb, well known Wehrle foremen, report the sale of ten books each, which means that each man sold 200 tickets. That is a record to be proud of, but the boys of the Wehrle shops are all true blue patriots and are meeting every demand when called upon. They are not only loyal and patriotic but they have been assisting financially in every way.

A committee meeting was held last night at the Elk club rooms and a tentative program agreed upon for Elk day, Thursday, May 23. The chairman, Chas. Federman, and secretary, Mandel Brashears, will announce a complete program shortly. It will be a hummer. W. W. Gard is in Columbus today arranging for a special feature, which the Elks will tender to the county war committee.

Mark Thursday night May 23 off your calendar. Keep that date open for its going to be one long to be remembered.

SAVINGS BANKS IN PANGASINAN. Manila, P. I.—The province of Pangasinan is shortly to have a savings bank with authorized capital of \$150,000 and paid up capital of \$100,000. The stockholders and officers will be both Americans and Filipinos. The bank will maintain

W. H. Mazey Company

EVERYBODY EAGERLY WAITING FOR THE GREATEST WEEK IN HISTORY COUNTY; SPECIAL STUNTS EVERY DAY OF DRIVE

All societies, lodges and other organizations in the city and county, that have not already done so, are requested to immediately notify Dr. C. B. Hatch, phone 1713 or 1751, of their intention of participating in the parade on the opening night, Monday, May 20, the big drive for the War Chest.

The "big doings," the celebration features of the War Relief Chest drive will start on the opening night, Monday, May 20. The celebration will continue every night, ending on Friday evening with the final parade, Mardi Gras, at which the entire county will be present to hear the final results of the drive and celebrate the filling of the chest.

Without announcing the details of the five nights' celebration, Chairman W. C. Kuster of the "stunt" committee has hinted that the city of Newark will have the biggest time in its history. When the committee has arranged all the details of the first night's program there will be so many "headliners" that you won't know where to start, and there will be no end. The main attractions now arranged for, are the big parade, the biggest ever pulled off in Licking county, the meeting of all county workers at a supper, and a patriotic rally with Governor Cox as the speaker.

Tuesday night, May 21, there will be bands on every corner and patriotic speeches will be delivered. The Knights of Columbus have also arranged a special program. And incidentally there will be something doing everywhere you step in the downtown district.

Wednesday night is Liberty Night. A special program of speaking and music will be given and the Zanesville Rubie band will be an added feature.

Thursday night belongs to the Elks. It goes without saying that if they don't want to be able to get away from the things that will be arranged for you. You'll have to have a good time.

Madri Gras night, Friday, everything will be turned loose. Hudson avenue will present the appearance of Coney Island.

Four booths will be erected on the square, one at each corner. The Y. M. C. A. will have charge of one of the booths, the Red Cross one, the Jewish Relief one and the Knights of Columbus the other.

Organizations in the city are joining in the big doings with enthusiasm. The committee is desirous of having every society and every organization, both men and women, have part in the parade on the opening night.

The filling of Licking county's \$360,000 War Relief Chest will be entirely a labor of love. The only motive of every worker, every officer of the War Work Committee and everyone connected with the war chest is that the men who are fighting our battles on the other side and the men who are preparing to enter the struggle in our behalf may have everything possible done for them that we at home can do.

There isn't a man interested in this great patriotic movement who has any selfish interests whatever. Not a man will receive any salary whatsoever for the efforts he puts forth. There isn't a man who would take a salary if it were offered to him. You may rest assured that an unpatriotic source and it should be branded as a German lie.

The expenses that will be incurred in the raising of the fund and the

collecting of the pledges was provided for in advance. Every cent that goes into the war chest will go to the fighting forces. You will not be able to pry even as much as a postage stamp out of the fund from the executive committee for any other purpose. This committee, composed of ten men, two from Newark and five from the county, will have the entire responsibility of distributing the funds to war relief agencies.

The committee is made up of representative men from the entire county. There are bankers, business men and farmers. Men of the highest character and men who have great responsibilities of their own to handle. They were chosen by a body of citizens who selected their representatives with care and foresight. Every applicant for funds from the War Chest will be investigated thoroughly before the committee decides as to whether or not a donation to the cause will be made.

The executive committee realizes fully the great confidence and responsibility that the people of Licking county have placed in their hands. They will be true to their trust. The people also realize the high type of men in whom they have placed their trust and they will rest assured that it will be efficiently fulfilled.

PENNSY EMPLOYEES WENT OVER THE TOP

Employees of the Pennsylvania Railroad system "went over the top" in the third Liberty loan campaign in a manner far surpassing all expectations. Returns received today show that 201,370 employees have subscribed for a total of \$12,961,900 of the bonds. As there are 249,795 employees in the entire Pennsylvania system, including all lines both east and west of Pittsburgh, more than 80 per cent have subscribed. Besides native-born Americans, over 30 different nationalities are represented among the purchasers.

In the second Liberty loan, the subscription among the employees of the Pennsylvania Railroad system totaled \$11,941, and the amount taken was \$5,700,400. Large numbers who have just subscribed to the third loan are still paying in installments on the second, but showed their patriotism by incurring the additional obligation, which in many cases involved genuine sacrifices.

President Samuel Rea today issued the following congratulatory message to all persons employed on Pennsylvania Railroad system:

"The splendid response of the officers and employees of the Pennsylvania Railroad system to the needs of their country, as shown by their subscriptions to the third Liberty loan, more than fulfilled our most hopeful expectations. Returns received today show that for the \$12,960,000 mark. Altogether 201,370 persons, or more than 80 per cent of the 249,795 employees, have subscribed, and their total subscriptions aggregate \$12,961,900.

"I offer my most sincere congratulations to all who have participated in bringing about this noteworthy and creditable result, and thank everyone who has bought a bond or has induced another to do so. Especially do I commend those who have voluntarily worked many hours overtime, some of them day and night, in this notable effort which has contributed so greatly to the cause of American patriotism."

Sergt. Arthur Harter

SERG. ARTHUR L. HARTER.

Sergeant Arthur Lewis Harter, son of George L. Harter of Hebronn, Ill., arrived in France, he enlisted at Camp Lejeune, N. C., in 1917, and was sent to Camp Hall, Newport News, Va. Sergeant Harter's present address is: Sergeant Arthur Lewis Harter, M. S. T. Post 2161 American E. F., via New York City.

MEN AND WOMEN IN FIGHTING TRIM

They Keep To The Top Notch of Health

The spirit of the times demands perfect health and nerves, and keeping them up to the highest degree of efficiency.

Wise men and women have learned that it does not pay to allow health or nerves to run down and are quick to take advantage of Nature's greatest red blood and nerve tonic, Phosphated Iron, the minute they feel they are slowing up.

Whatever your work may be there is no reason why it should continue to tire you; work should only use the right amount of your energy. It is trying to work on your nerves and forcing yourself that wastes your strength, runs you down, gives you those restless nights, loss of appetite and indigestion, when you get up in the morning as tired as when you went to bed. There is no sense in anyone being a victim of ill health, poor blood, over work, nerves or the blues when Phosphated Iron will afford such prompt and permanent relief.

All over the country men and women in every walk of life lay their good health, strength and nerves of iron to the use of Phosphated Iron, the red blood and nerve builder, and it will also put you on your feet, make you feel like a live one. It produces results that last, that's what counts, not "ifs" about it.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules only. Do not take pills or tablets. Insist on capsules.

Sold by Evans' Drug Store and leading druggists everywhere.—Advertisement.

Don't take Quinine and make your ears roar, your head hot and heavy and your stomach sick.

Take Morse's Laxa-Pirin and get the benefit of **ASPIRIN, CAFFEINE, GELSEMIUM, etc.**, in combination with pleasant laxatives.

Different from all other LAGRIPPE, COLD and HEADACHE remedies. A trial will convince.

HELPING

One's Self Appeals to Nearly Every Person. How It Can Be Done.

1. Save your money
2. And you help yourself
3. You also help your family.
4. Moreover by saving you can help the Government in the buying of Liberty Bonds and Thrift Stamps.
5. Start a savings account with The Buckeye State Building and Loan Company.
6. Rankin Building, 22 West Gay Street, Columbus, Ohio. Assets \$14,800,000. Five per cent paid on time deposits.

CATARHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parment (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing "head noises" (the noise in the ears) and the mucus stop dripping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial. T. J. Evans

GREASED RAILS

COLUMBUS, O.—(Special)—Cash deposited in the United States treasury for April sales of War Savings and Thrift Stamps in Ohio was \$6,477,730, a gain of \$2,012,697 over March, according to a statement issued by H. P. Wolfe, state director. "The roll-up effect of the War Savings campaign shows a constant tendency to expand from month to month, as indicated by the gain in April sales of 45 per cent over March."

"From all reports accessible at this time, indications are that Ohio leads the entire United States in the sale of War Savings Stamps for April," the statement says.

If the month-by-month ratio of sales increase is maintained through May, at the end of the present month Ohio will have sold War Savings Stamps considerably in excess of its current monthly quota. The per capita sale of War Savings Stamps in Ohio on May 1, was \$3.11, against \$1.87 on April 1, a gain in one month of \$1.24 for every person in the state.

By April sale of War Savings Stamps, Ohio furnished sufficient funds to build seven transports to be used in conveying Ohio boys to France, and to supply them after reaching the battle front.

PRIVATE DAILY WILL TELL OF BIG BATTLES

Every minute that Private Ovid L. Daily is in Licking county for the benefit of the War Relief Chest, he will be the busiest soldier there's ever been. There won't be the same kind of bullets flying through the air, but outside of the time he will have to eat and sleep a little, he's got some job on his hands. The requests for him to speak in the county have been so numerous that there isn't the slightest chance in the world of granting them all.

But the young man is in good trim, for he has only recently returned from the French front, where he saw service with the French army as an ambulance driver for five months. Incidentally, while driving an ambulance in the midst of flying shrapnel and bursting bombs, Daily picked up a few souvenirs of the occasion and he is bringing them with him. There is a German helmet taken from the head of a Hun soldier killed at Faion's Hill during the Verdun drive in 1917. He has the various types of grenades that are used in the battle. There is a German gas mask taken from a German soldier who will never say a thing about it.

Probably the most interesting trophy is a piece of German aeroplane shot down by the French in the battle near Verdun in June 1917. In showing this relic, Daily tells of the battle, describing its progress in graphic terms. These are some of the specimens that he has collected. When the average man thinks about it, it isn't the young man's fault that he will be here to tell the experiences that he has had. But at that, he isn't satisfied. He's got real red blood in his veins, for he is just telling the people back here about these things while awaiting his call to join the U. S. aviation corps.

Following is Daily's schedule for the county:

Sunday, May 12—10:30 a. m. Second Presbyterian church, 2:30 p. m. Croton Fair Grounds, 8:00 p. m. Hebron Christian church.

Monday, May 13—8:00 p. m., Jacksonton, town hall.

Tuesday, May 14—8:00 p. m., Elma, school building auditorium.

Wednesday, May 15, 8:00 p. m., Jersey, town hall.

Thursday, May 16—8:00 p. m., Fallsbury, Disciple church.

Friday, May 17, 8 p. m., Brownsville, First Methodist church.

Saturday, May 18, 8:00 p. m., Perryton.

Sunday, May 19, 2:30 p. m., Auditorium, Newark, 8:00 p. m., Alexandria.

WAR SAVINGS STAMPS

The Newark Elks are doing effective work in advertising War Savings stamps all over town. They intend to give away \$300 worth of war stamps on May 24.

The Peoples Clothing company, 7 South Third street, is a new War Savings stamp agency.

John Happte, the mail-carrier, has personally sold more than \$10,000 worth of War Savings stamps to patrons on his route.

The war-work program and the war savings campaign were presented at a meeting of Hanover grange last night by W. H. Mazey and C. H. Spencer. There was a large attendance of members, Mr. Williams presiding. Music was furnished by the Newark high school orchestra.

The War Savings stamp quota for Supt. Walter Howell's district, No. 2, was \$7063. The amount purchased by the pupils up to May 3 was \$5000. Since the last report the following schools have reached their quota: Pleasant Valley, Fallsbury township, Orville Booth, teacher; Willey school, Perry township, H. H. Hoover, teacher; Pleasant Grove, Perry township, Eloise Johnson, teacher; South school, Eden township, Elva Crawford, teacher; Clay school, Madison township, Carl Clugish, teacher, making a total of 12 schools in this district that have passed their quota.

Township	Quota	Raised
Fallsbury	\$ 874	\$ 926.25
Eden	896	1542.50
Perry	634	349.00
Mary Ann	1337	267.50
Hanover	1022	400.00
Madison	2359	1514.75

ISSUES WARNING TO ALL AUTOISTS

Columbus, O., May 10.—Before autoists drive to Columbus or Franklin County, it might pay them to have the proper kind of headlights on their cars.

"There no longer is any excuse for motorist's having glaring lights on their machines," declared Police Chief Carter in giving orders to Columbus policemen to enforce to the limit the city code against the headlights.

"Every owner of an auto knows there is state law against glaring lights, but practically every city now has regulations which forbid them," continued the chief. "People no longer have to pay fancy and exorbitant price for lawful headlights, as there are now on the market that meet the law just as much as the most expensive ones and give very satisfactory results to the man driving the machine."

Not only have Columbus police declared war on glaring lights and speeding, but constables in the rural districts are on the lookout for violators, when they nab along the roadsides, frequently at night.

WAR AND LABOR.

"The workers must compose their differences during the war, and not strike or enter any movement that would make them ashamed to look our soldiers in the face when they bring victory back from the present war. Either give Uncle Sam what you have in bonds, taxes, and service, or you will ultimately pay for it with an indemnity to the Kaiser."

The foregoing utterance was not made by any capitalist seeking labor support for the war. It was Samuel Gompers, president of the American Federation of Labor, in an address at Boston last week.

Early in the war, the idea was sedulously fomented by German agents, that this was a rich man's war, promoted by the munition-makers. Many honest people believed and repeated this lie.

It should be perfectly evident that no workingman is safe in this country or any other until the Kaiser's despotism is destroyed. That autocrat realizes perfectly that his system is out of date. He must either destroy democracy or go under. He has chosen the former alternative. He felt that by hitting unsuspecting nations first before they were ready, and by long advance preparation, he could gain such an advantage that the democratic nations could never catch up with him.

The working masses of Europe, ground under the heel of military despotism, holds out their hands in pitiful appeal to the American workingman. "Come over and help us and rid the world of this curse," is their cry. If the Kaiser's despotism gains the upper hand, democracy is destroyed in Europe. The progress of the working masses all over the world is set back for centuries. As Mr. Gompers well says: "We must forget our differences and support the boys so well that we can all look them in the eye when they get back."

HANDLING AUTOMOBILE SPEEDERS.

Still the automobile speeder goes his uproarious way up and down the highways. Here and there the officials of some town stiffen up.

A few scorchers are given mild fines. They money cost of the thing does not bother the speeders any. They are slightly deterred by the publicity and disgrace of the thing. However, they soon forget that.

Some towns try peaceful persuasion. They erect pleasant signs along the roads, welcoming the motorists courteously, and asking them to show courtesy in return. That is good stuff, and will influence some of the sports. There are others that will not abate their frightfulness for any little thing like that.

The difficulty of the problem is enhanced by the fact that 95 per cent of the motor drivers exercise a good degree of care. The great body of drivers oppose drastic automobile laws. The careful man, knowing that he himself uses discretion, dislikes to be held down too closely by law. But he forgets that he himself, as well as pedestrians and horse-owners, is endangered by the small element of fools that make themselves conspicuous.

The one best way of controlling a speeder is to take away his license. We are too apt, when some fast driver almost runs over us, to let the matter pass in a spirit of good nature. It may be a little trouble to complain of the offender.

But unless a man of that type is complained of, he is sure eventually to kill or maim someone. He is usually skillful, so he can take many

chances and come through. But some day he figures just a hair too close. Someone makes an unforeseen motion, and there is a manslaughter case. The time to check this class of drivers is before they do the killing.

LONG BUSINESS OUTLOOK.

Many business men are worrying about conditions to be expected after the war. This feeling restrains them from new enterprises.

They argue that the world in war time is like a sick man who have been living on a stimulant. Remove it, he is all gone. They talk about all the people to be thrown out of work when munition business, ship-building, air-craft work, etc., shall stop.

Yet others think differently. Otto H. Kahn, a leading New York banker, says: "Unless we make grave mistakes, we have a right to look for a period of great prosperity and auspicious achievement after the war."

While the war lasts there will be plenty of work for everyone. Prices are high, to be sure, but wages have gone up, and in addition there are none of the long periods of unemployment that usually cause distress. As a consequence many people who have been in debt will have bank accounts. Many who were always close to the wind will have achieved a good deal of prosperity.

The great number of people who have enjoyed prosperity during the war will keep spending money, and will help tide over the readjustment period. Also, there will be a call for a great deal of reconstruction work. Our new fleet of ships will help us get foreign trade.

It will take a good many years to pay for the war, but the great bulk of the cost comes out of the pockets of the rich. And it is all paid back to our own people.

Of course, you can't figure a profit on a war. But if people save the cost out of their foolish extravagances, as they can, no new burden is created. So let our business men look to the future with hope.

Some of the people who wonder why the government does not shoot the spies, will pass along to their neighbors those fake stories about the war that someone put into their unsuspecting ears with a purpose.

It is easy enough to get 1000 railroad locomotives ordered now when they are paid for out of taxes, but you couldn't get any when they were to be had only by allowing the railroads to make a profit.

There are a good many men who couldn't possibly stop and help the women get out surgical dressings, as it takes them every evening to read about the war and argue how it should run.

Some people have been so busy lamenting the laggardness of the government in war-preparation, that they overlooked the need for buying a Liberty bond.

Asked what ignorant and uneducated class makes the most trouble about food-saving, many of the food conservation authorities reply: "The men."

A popular method of observing clean-up week, is to get out rubbish on a windy day when wastepaper will blow over the neighborhood.

It is gradually dawning on the German people that the Americans in France are not parties of tourists sent over to inspect the ruins.

Germany is now polishing up a large, handsomely decorated, and very shiny goldbrick in the form of a peace offer.

AN UNDESIRABLE NICK-NAME.

(Philadelphia Record.)
In a recent number of "The Stars and Stripes," the official publication of the American Expeditionary Forces, there is an editorial which takes this deserved slam at the nickname "Sammie":

"A Sammie may be defined as an American soldier as he appears in an English newspaper or a French cinema flash. It is a name he did not invent, does not like, never uses and will not recognize. When he sees it in the papers from home it makes him sick. The American doughboy has had his baptism of fire, but he has not yet been christened."

A nickname isn't made, although, to give a fresh twist to the words of Topsy, it may be "borne, if it just grows." But unless it grows gracefully and fits the wearer it won't be borne patiently or long. The pinning of "Sammie" upon the first American troops to arrive over there was deliberate and not spontaneous, and it won't do. Some humorous or human incident, some accidental eruption of character recognized as a distinguishing American trait, may yet fix a nickname upon our lads that shall be not un-fitting. But when the history of this war comes to be written, all the feverish efforts of correspondents and song-writers to put across something new in nicknames and in national anthems may have been found unable to displace "Yanks" and "The Star-Spangled Banner."

Live as long as you may, the first twenty years are the longest half of your life.—Southey.

Almost Human.
The sparrow's extinction
Would be our joy.
For he knows no distinction
Twixt music and noise.

Maybe She Did.
Aunt Cal'ine says:—Iva Dadd has come back here after making quite a extensive visit at her neses which she lives out west somewhere. An' to the grate surprise o' ever-body she brang home a husband with her. She had him over to the ice cream soshal an' was as proud as Punch o' him, evident a a-lookin' at him like he was somethin' to take offe good keer of. After they had went Maggie Zeen says

to me, "They seam rite happy, don't they?" An' Hadda Grouch says, "They make me sick!" she says, "She is as proud of him as if she had won him at a card party," she says.

King Among Toads.
"Some human beings make me cross," Said Hezekiah Cobb; "For if they cannot be the boss, They'll lay down on the job."

"Such human toads make true men sore," Said good old Uncle Lem; "And they'd not monkey with me, for I'd tie the can to them" —I. G.

Spirit of the Press

Roses for Violets.
The Kaiser has been plucking violets at the front, according to descriptions of royal diversions written by German war correspondents. The greatest fertilizer of soil with the blood of his fellow men is admiring the florescence of his work in his "war garden." Perhaps to his imperial sentimentality, each violet symbolizes the life of a subject laid down for him. And "each more they are bringing him violets." —Cincinnati Times-Star.

Pendulum's Turn in Russia.
The attitude of the Bolshevik leaders towards the allies, and especially toward America, has undergone a change that means something. The Maximalist press, once strangely pro-German, is printing stuff that must give offense to Berlin and cause anxiety. Units of offense and defense are being formed and experienced military officers, whose occupation has been gone during the past year, are finding employment. That Austrian newspaper which declared that the treatment of Russia since Brest-Litovsk means nothing else than another war, and that no Austrian blood would be spilled in defending German robberies, took a discerning view of the inevitable. —St. Louis Post-Dispatch.

Pointed Observations

Charles M. Schwab, who is working for Uncle Sam for a dollar a year, gave a shipyard foreman a gold watch for building a naval collier in 27 days. A few more such outbursts of generosity and he'll have to ask for a raise in pay. —New York World.

Perhaps, as the Germans say, the American army is a joke, but if so the joke is on the Germans. —Charleston News and Courier.

The training of the American soldier will not be complete without a triumphant tour through Germany. —Baltimore American.

It is only a difference of language. At Berlin they say "strafe Wilson." At Oyster Bay they say "smash Wilson." —Batavia Times.

The latest news dispatches reveal the fact that Germany still is warring on Russia. Presumably that is what is meant by "a strong German peace." —Rome Daily Sentinel.

Of course, the German fleet may come out, but what bothers the all-highest, alias Gyp the Blood, is the thought it may never come back in again. —Macon Telegraph.

OBS
So many substitutes sound better than they taste. —Nashville Banner.

A Colorado man had his jaw bone patched up with a rib. But this isn't the first instance in which a rib was used to perfect a talking machine. —South Charleston Sentinel.

Russia is in a stage of development when it would seem that she needs vocational training worse than cultural. even.—Ohio State Journal.

The absolute determination of this Government to win the war regardless of every consequence makes every loyal citizen proud that he is an American citizen. —Raleigh News and Observer.

It is noticeable that Berlin has had very little to say about that British raid on Zebragge and Ostend. —Charleston News and Courier.

Isn't that our luck to have coming the biggest rye crop ever heard of just as the whole country is going prohibition? —New York Telegraph.

Soon the Kaiser may be trying to make his subjects believe that the allies started the present drive. —Toledo Blade.

The German people are now being fed on indemnity the Kaiser will col-

dollars and in 1795 by gold eagles. This mint was established at Philadelphia by the coinage act of April 2, 1792. In 1915 there were three mints in the United States, at Philadelphia, Denver and San Francisco. There is also a mint at New Orleans though there has been no coinage there since 1909; bullion, however, is received there upon the same terms as at the assay offices, which are located at New York, Carson City, Helena, Boise, Charlotte, St. Louis, Seattle and Deadwood. All the mints and assay offices are on the same footing as a bureau of the Treasury Department and are under the superintendency of a director appointed by the President for a term of five years. The dies used in all the United States Mints are made in Philadelphia.

A Masterly Suggestion.
Dr. Keniston, the alienist, diagnoses the Kaiser's malady as paranoia. All right, doctor, let's amputate. —Pittsburgh Gazette Times.

We're strong on therapeutics once we get the diagnosis.
Oh, Joy!
Before we die, there's just one wish
We'd crave of hard old Mistress
Fate;
We'd like to find some place where
fish
Are just as plentiful as bait
—Luke McLuke.

We wish that Fate would be so kind
That, ere the heavenly chout we join,
Some faint relation we shall find
Between our wishes and our coin

Buy, Buy.
"Rock a buy baby bonds,
From the hilltop;
Through all the Hun blows
They're firm as a rock,
When the war breaks,
The Kaiser will fall—
Brought down by baby bonds,
Interest and all!"
—Indianapolis News.

Buy, oh Baby Bunting,
Your daddy's gone a hurting
For to find some revenue
To buy another bond for you.

lect after the war, which is about as satisfactory filling as those Paris dinners Hindenburg was promising. —Detroit Free Press.

The counterfeiter makes bad money. He must be pretty slick to make good.

A NEW NEIGHBO

Why the Great German Push Has Failed

Victory is the bag of oats continually dangled in front of remarks the Chicago Daily News; "they never get it but they bel away." Thus while the Kaiser declares flamboyantly that "the destroy us are digging their own graves," the desperate German of the Western front fails disastrously; General Ludendorff announce forcing success by the employment of masses must be abolished absc only leads to unnecessary losses;" and, as the New York World Berlin battle-bulletins begin to read as tho it was an Allied offer victoriously resisted by the Germans.

Meanwhile, American battalions are fighting valiantly on a s front which blocks the way to Amiens, and the process of fusing invincible army—the greatest ever commanded by a single General—and completed in the furnace of the German offensive.

There is a searching analysis and review in THE LITERARY DIGEST May 11th, of the great drive on the Western front showing all it drawn from all sources of available information.

WAR AND LABOR.

"The workers must compose their differences during the war, and not strike or enter any movement that would make them ashamed to look in the face when they are bringing victory back from the present war. Either give Uncle Sam what you have in bonds, taxes, and service, or you will ultimately pay for it with an indemnity to the Kaiser."

The foregoing utterance was not made by any capitalist seeking labor support for the war. It was Samuel Gompers, president of the American Federation of Labor, in an address at Boston last week.

Early in the war, the idea was sedulously fomented by German agents, that this was a rich man's war, promoted by the munition-makers. Many honest people believed and repeated this lie.

It should be perfectly evident that no workingman is safe in this country or any other until the Kaiser's despotism is destroyed. That autocrat realizes perfectly that his system is out of date. He must either destroy democracy or go under. He has chosen the former alternative. He felt that by hitting unsuspecting nations first before they were ready, and by long advance preparation, he could gain such an advantage that the democratic nations could never catch up with him.

The working masses of Europe, ground under the heel of military despotism, holds out their hands in pitiful appeal to the American workingman. "Come over and help us and rid the world of this curse," is their cry. If the Kaiser's despotism gains the upper hand, democracy is destroyed in Europe. The progress of the working masses all over the world is set back for centuries. As Mr. Gompers well says: "We must forget our differences and support the boys so well that we can all look them in the eye when they get back."

HANDLING AUTOMOBILE SPEEDERS.

Still the automobile speeder goes his uproarious way up and down the highways. Here and there the officials of some town stiffen up.

A few scorchers are given mild fines. They money cost of the thing does not bother the speeders any. They are slightly deterred by the publicity and disgrace of the thing. However, they soon forget that.

Some towns try peaceful persuasion. They erect pleasant signs along the roads, welcoming the motorists courteously, and asking them to show courtesy in return. That is good stuff, and will influence some of the sports. There are others that will not abate their frightfulness for any little thing like that.

The difficulty of the problem is enhanced by the fact that 95 per cent of the motor drivers exercise a good degree of care. The great body of drivers oppose drastic automobile laws. The careful man, knowing that he himself uses discretion, dislikes to be held down too closely by law. But he forgets that he himself, as well as pedestrians and horse-owners, is endangered by the small element of fools that make themselves conspicuous.

The one best way of controlling a speeder is to take away his license. We are too apt, when some fast driver almost runs over us, to let the matter pass in a spirit of good nature. It may be a little trouble to complain of the offender.

But unless a man of that type is complained of, he is sure eventually to kill or maim someone. He is usually skillful, so he can take many

chances and come through. But some day he figures just a hair too close. Someone makes an unforeseen motion, and there is a manslaughter case. The time to check this class of drivers is before they do the killing.

LONG BUSINESS OUTLOOK.

Many business men are worrying about conditions to be expected after the war. This feeling restrains them from new enterprises.

They argue that the world in war time is like a sick man who have been living on a stimulant. Remove it, he is all gone. They talk about all the people to be thrown out of work when munition business, shipbuilding, air-craft work, etc., shall stop.

Yet others think differently. Otto H. Kahn, a leading New York banker, says: "Unless we make grave mistakes, we have a right to look for a period of great prosperity and auspicious achievement after the war."

While the war lasts there will be plenty of work for everyone. Prices are high, to be sure, but wages have gone up, and in addition there are none of the long periods of unemployment that usually cause distress. As a consequence many people who have been in debt will have bank accounts. Many who were always close to the wind will have achieved a good deal of prosperity.

The great number of people who have enjoyed prosperity during the war will keep spending money, and will help tide over the readjustment period. Also, there will be a call for a great deal of reconstruction work. Our new fleet of ships will help us get foreign trade.

It will take a good many years to pay for the war, but the great bulk of the cost comes out of the pockets of the rich. And it is all paid back to our own people.

Of course, you can't figure a profit on a war. But if people save the cost out of their foolish extravagances, as they can, no new burden is created. So let our business men look to the future with hope.

Some of the people who wonder why the government does not shoot the spies, will pass along to their neighbors those fake stories about the war that someone put into their unsuspecting ears with a purpose.

It is easy enough to get 1000 railroad locomotives ordered now when they are paid for out of taxes, but you couldn't get any when they were to be had only by allowing the railroads to make a profit.

There are a good many men who couldn't possibly stop and help the women get out surgical dressings, as it takes them every evening to read about the war and argue how it should run.

Some people have been so busy lamenting the laggardness of the government in war-preparation, that they overlooked the need for buying a Liberty bond.

Asked what ignorant and uneducated class makes the most trouble about food-fakes, many of the food conservation authorities reply: "The men."

A popular method of observing clean-up week, is to get out rubbish on a windy day when wastepaper will blow over the neighborhood.

It is gradually dawning on the German people that the Americans in France are not parties of tourists sent over to inspect the ruins.

Germany is now polishing up a large, handsomely decorated, and very shiny goldbrick in the form of a peace offer.

SUMMER FURNITURE EXHIBIT

Come and See How Inexpensive Summer Comfort Really Is

You will be surprised to see how many of the things that will make summer truly comfortable and enjoyable are here at a price you can easily afford. Indeed, there is not a more economical and sensible way to invest your money for the summer time. It enables you to enjoy coolness and refreshment without stirring from home.

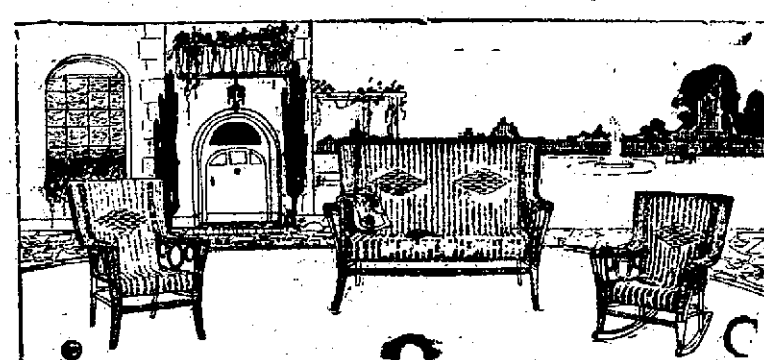

And an investment of this nature will give you more than temporary pleasure. It will mean many summers of constant delight for the entire family. You owe it to the health of your self and your loved ones to provide a cool, refreshing spot in your home. Our low prices and liberal credit terms will enable you to do so without delay.

You Will Feel Healthier After Spending Your Time In the Open. . . . \$3.95
A substantially built folding porch set that will make this the most enjoyable of summers for all the family. Four excellent pieces—sturdy chair, comfortable rocker, roomy bench and rigid table.

FOUR PASSENGER LAWN SWING \$4.98

A strongly made Lawn Swing that will mean a safe and enjoyable summer for the entire family.

\$25 THIS FINE THREE PIECE PORCH SET
Means **SUMMER COMFORT INSURANCE**
Made of excellent quality closely woven fibre, this set offers the constant enjoyment of fresh summer air in the most comfortable furniture that can be made for this time of the year.

Refrigerators---Food Conservation

Side Icers Are Priced

\$28.50

to

\$45.00

Every Refrigerator we sell is guaranteed to give absolute satisfaction. Remember that a good Refrigerator is the only economical one. Purer food will mean a healthier family.

Top Icers Are Priced

\$8.75

to

\$37.50

FIBRE FERNERY \$5.75

This Fernery is both artistic and durable, representing excellent value for the money.

LAWN MOWERS. \$3.98 to \$10.00

That will give real service.

Every Evening a Vacation

Couch Hammock as pictured is priced at only

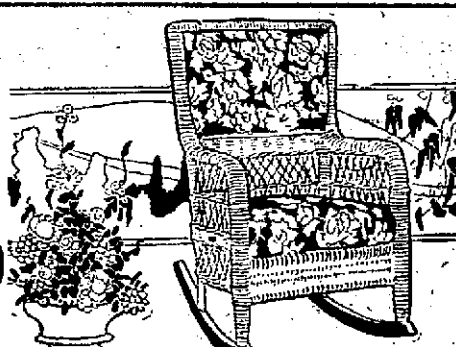

\$7.98

On the porch of your own home.

\$7.98

OTHERS IN ALL GRADES

The Oakland **\$9.50** The Oakland **\$9.50**

A comfortable summer in your own home. The lines on which this rocker is built bespeak comfort and restfulness in every way. Cool, clean fibre construction. Well padded back and springy seat. Attractively upholstered in durable tapestry. An exceedingly well made rocker.

Will make your porch into an extra room for summer.

\$44 THREE FINELY UPHOLSTERED PIECES
That WILL MAKE SUMMER A DELIGHT
You will feel that this is the wisest purchase you ever made when you begin sharing the comfort which this furniture offers. A set of this quality will give excellent service for many a summer.

Good quality, right price and courteous treatment whether you buy on

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, weakness, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."—Mrs. ALICE HELLER, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience.

If copulations exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

FOR SKIN ERUPTIONS

Nothing heals and clears the skin of infants and children like Sykes Comfort Powder which contains harmless antiseptic healing ingredients not found in any other powder. 25c at the Vinal and other drug stores. The Comfort Powder Co., Boston, Mass.

Your Hair

No more dry, coarse, stringy hair after a shampoo. And no more dandruff. At last you can obtain a perfect shampoo preparation—Heand's Fluff.

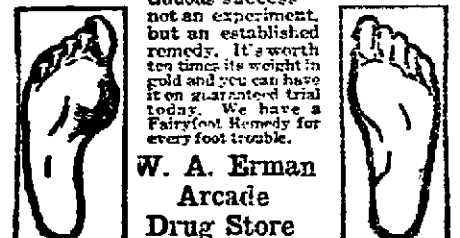

Made of pure vegetable oils, Heand's Fluff actually nourishes the hair and keeps it soft, fluffy and silky. It also prevents dandruff. Ask for Heand's Fluff today. You will be delighted by the invigorating after-effect of your new shampoo.

Welcome News For Bunion Sufferers

We Have Been Authorized by the Makers of FAIRYFOOT to Publish This Unusual Offer

If you are suffering from an obnoxious Bunion—no matter how large or painful it may become here and get a box of FAIRYFOOT—give it a trial, and if you do not get instant relief and feel perfectly satisfied, simply return what's left and get your money back. You need not pay one cent if FAIRYFOOT does not prove entirely satisfactory. Why continue to go about with swollen misshapen feet? Why say that Bunions can't be cured when here is a guaranteed remedy—easily applied—no cutting—no pads or plates—but a wonderful treatment—works like magic and gives instant relief. Every user absolutely satisfied—over 20 years of continuous success—not an experiment, but an established remedy. It's worth ten times its weight in gold and you can have it on guaranteed trial today. We have FAIRYFOOT Remedy for every foot trouble.

W. A. Erman
Arcade
Drug Store

Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

HUSBAND GONE—SONS GONE—HOME AND RELATIVES GONE

A Fact Story Telling Just What the Red Cross Did for Mme. Pellier.

By an Eye Witness
MAUDE RADFORD WARREN

This is the picture I saw last January in France, and you have mercifully changed it! Color enough there was—above, the eternal blue; in the background, fields of living green, which the German shells could not prevent from creeping back; in the middle foreground, a long village street so battered and burned that it was merely a canyon of cream-colored ruins. In front of one little broken house were four figures in black—an old woman, poking among the fallen stones in a vain search for something that could be used; a younger woman, seated on what had once been a doorstep, with her face hidden in her arms; and a little boy and girl, who stared, half frightened, half curious, at the desolation about them. The little boy held in his thin hand a Red Cross flag. All four were pale and gaunt; the faces and bodies of the children showed none of the round curves that make the beauty of a child.

This is their history: When the war broke out, Mme. Pellier, her mother and her four younger children were visiting her husband's mother in the north of France. Her husband and two elder sons were at home in Lorraine taking care of the summer crops. Then the war! The mother-in-law of Mme. Pellier was ill and could not be left. Her old mother was afraid to travel to Lorraine with the full care of the four children. Before they could all start together the Germans invaded. Bad news is allowed to come into northern France, and so as the months passed Mme. Pellier learned that her village home had been bombed and that her husband and two sons had been killed. Except for the Belgian Relief Commission, which operates in northern France also, she and her little ones would have starved outright. At the best they were undernourished. Then the great push began, and hopes for France grew high. But as the French soldiers advanced they had to bombard the northern towns. Mme. Pellier begged the Germans to let her go away with her children—even into Germany. This was refused. She tried to seek safety in some cellar whenever there was a bombardment. Nevertheless a shell killed two of her children.

Found Her Home Gone.

Home gone; husband gone; brave soldier sons gone; little, tender boys torn into shreds! That woman's face would have shown you what she had suffered—her face against the battered ruins the Germans had made. At last she and her mother and her two remaining children were repatriated. They knew the infinite relief of cross-

ing into Switzerland and then into Haute-Savoie. From there they went to Lorraine. Mme. Pellier hoped that, even though her village had been bombed, her home might have escaped. She found nothing except her bare fields.

You changed that picture, you Americans, who can never be bombarded, who can never lose through war five out of the seven dearest to you. It was not your husband and children who died; not your wife who was widowed; not your little ones who came back, bony and tubercular, to a home that had vanished. Not yours, but only the grace of accident saved you; not yours, but it might have been and so you changed the picture. You could not build up with your own hands that heap of stones into a home, nor till the fields, nor bring Mme. Pellier back to hope and the children back to health. But through the Red Cross you saved the remnants of that family that had suffered as you might have suffered.

Things the Red Cross Did.

You took the mother of Mme. Pellier to a Red Cross hospital to be treated for anaemia. You took the little girl, who was in the first stages of tuberculosis, to a Red Cross sanatorium. You found a place which could be made habitable for Mme. Pellier near her fields which she was anxious to till. You gave her clothes and furniture; you got her seeds; you lent her implements. You sent a visiting doctor to watch over her health and that of her little boy. You sent nurses, who achieved the mighty victory of making her and the child take baths. Later you persuaded her to let him go to a refuge not far away where he might attend school and where she could often visit him. Through the help of your Red Cross hope and courage and ambition have come back to that woman, and she is rebuilding her family life. The biggest thing one human being can do for another, you, if you are a helper of the Red Cross, have done for that mother.

Red Cross! I saw its work every where in France—in fields and in blasted villages; in hospitals and schools and clinics; in refuges and vestiaires for widows and orphans and for the sick children of soldiers fighting to keep you safe from the enemy. This symbol of help has a double meaning now for Americans, who have always taken for granted the blessing of safety. It stands for your willingness to pay the price of exemption, of pity, of sympathy. A bitter, black road this road of war, but across it, like a beacon of hope, you have hung the Red Cross.

HE GAVE HIS SHIRT OFF HIS BACK

How an Italian Officer Traveling on Train Helped a New Born Baby.

One of the ways to say that a man is good hearted is to descend to expressive Americanese slang and say "he'd give you his shirt."

A young Italian officer did exactly that—gave the shirt off his back to a baby just born. It was during a flight of the Italian refugees just after the Italian army had been tricked by the Austrians.

Here's the story:

An Italian officer, who had been a volunteer worker at the station when the crush came through, walked into the American Red Cross office at Bologna, Italy, and told of a poor young woman who had given birth to a baby on the train in which he was riding a few nights previously. They had been riding for over 16 hours, and the

wretchedly poor and disheartened mother had been jammed in with the hundreds of other frightened Italians on the same train. Empty, tired and miserable and in a frightfully weakened condition, she had scarcely sufficient clothes for herself, nor to speak of properly caring for a newborn babe. The young officer stripped himself of his shirt, and there among this frightened, half starved, forlorn crowd the poor Italian infant was wrapped in its first body covering.

Mother and babe were afterwards nursed back to health, clothed and looked after by the American Red Cross. And this is only one small, isolated incident among thousands that come under the working of the Red Cross.

stopping ten minutes for refreshments at a Red Cross Canteen.

Think of a big cup of hot coffee and a wealth of man-sized ham sandwiches served by the Red Cross—women with the joy of service in their eyes. Think of ten minutes for refreshments within sound of the guns—such refreshments served by such women. Did ever a weary lad have such refreshments? Did ever a cup of coffee and a sandwich taste so good?

It is service like this, the supplying of "food that's got a homey taste" at a time when a man's spirits are likely to be at lowest ebb, that moved a Commanding General of the American Forces to write on December 30: "The extent of the work of the Red Cross is only limited by the number of members it has and the amount of funds available for its use."

FULL MAN-SIZED HAM SANDWICH

What Ten Minutes for Refreshments Means in Modern War.

Think of what refreshments mean "over there." Think of the Sammie or the Pollo coming out of the trenches with a thirty-six hour leave of absence, getting aboard the train or motor on the L. O. C.—the Line of Communication between the front and the rear. Think of these tired fellows
